Principles of working in and managing teams. Topics include self-awareness, team formation, team development, team dynamics, team leadership and team motivation.
Prerequisite(s): enrollment in B.Com. or Minor in Arts Management and BUSI 2101 or BUSI 2121 with a grade of C or higher. The School of Business enforces all prerequisites.

COURSE DESCRIPTION
This course explores the challenges and opportunities for managing the effectiveness of teams in organizations today. Topics include team formation, development, conflict, diversity and leadership. Extensive use is made of experiential learning in a team setting to help learners understand the theory and practice of team effectiveness.
BUSI 3105 is a core course in the School’s concentration in Managing People & Organizations. While BUSI 3104 focuses on managing individuals and BUSI 3103 focuses on organizations, 3105 highlights the team. Students will learn fundamental concepts and develop relevant skills relating to teams in business settings.

COURSE APPROACH
The class will be held in an interactive format and your ability to work in a team setting will be challenged and developed on a weekly basis. We will learn through lectures, readings, discussions, videos, class simulations, team competitions and individual assignments. Because this course is a highly interactive format, the effectiveness of this course depends on your commitment to interaction. For this course to succeed, you must prepare for all classes, attend all classes, contribute to class discussions and exercises, and thoughtfully complete assignments.

TEXT

LEARNING OUTCOMES
1. Following the completion of the course, you should be able to: Recognize, define, and discuss the terminology, concepts, basic principles, analytic techniques, and theoretical underpinnings of managing teams in a business setting.
2. Recognize the importance of teamwork and understand the impact that that effective teamwork can have in a business setting.
3. Identify and assess teamwork challenges in real-life business situations using the appropriate terminology, concepts, basic principles, analytic techniques, and theoretical knowledge.
4. Develop reasonable solutions to teamwork challenges using the appropriate terminology, concepts, basic principles, analytic techniques, and theoretical knowledge.
5. Analyze and assess your own teamwork skills in business settings.
6. Reflect on your learning from the course and formulate strategies for developing your teamwork skills.

EVALUATION
1. Class Participation & Contribution (10%)
Throughout the course you will be expected to come to class each week prepared to participate in class activities that will test your understanding of teamwork and help you to identify areas for improvement as a team member. It is imperative that you attend class and engage fully in activities in order to receive a high grade in this component. You must be present in class and complete quizzes to receive credit for this grade. To assess this component this class may use weekly quizzes that follow the lecture. See CuLearn to understand the criteria for evaluation on preparation and participation grade.

2. Personal Teaming Reflection (10%)
The personal teaming reflection is designed to help you reflect, analyze and diagnose your potential and performance as a team member. In this report, you will reflect on what you have learned in this class and how you have grown as a teammate. As a starting point, refer back to your Personal Profile (the first week exercise) and compare who you thought you were as a teammate to what your experiences and feedback showed you this term (use your evaluations and comments from team members as a basis for comparison). You will be expected to apply the theories and research discussed in class to your own experiences (with a focus on the final term project). You will be expected to go beyond a basic understanding of the theory and demonstrate your ability to apply the course material to real life experiences. This report will be in the form of a written paper of no more than 1000 words. Details will be provided on CuLearn.

3/4. Test x 2- worth 50% of your final grade
There will be two in-class tests held during the term. The tests will be based on the assigned book chapters for the term (Edmondson, 2014), weekly lectures, videos and in-class discussions and activities. More information on the format of the test will be provided in class.

5. End of Term Project and Presentation (25%)
For the second half of the semester, you will be placed on a team of 5-7 students. This particular project will require the team work together on a complex and challenging task. In the workplace, teams are often used to solve the most complex and ambiguous of business problems. This project will require creativity, a variety of skills, and hard work and your teams’ performance will be evaluated competitively with the other project teams in the class. Each team will submit a written report of no more than 5 pages analyzing your work as a team. Be sure to support your analysis using strong academic references. The team will also be responsible for presenting the project work to the class in an engaging and creative manner. A portion of your individual grade on this project will be tied to team member evaluation. Further details will be provided CuLearn.

6. Team Member Evaluation (5%)
For the second half of the semester you will be put on a team and your effectiveness as a teammate will be evaluated by both the instructor and your peers. This 5% of your grade is directly related to how much your teammates want to work with you. See CuLearn to understand the criteria for evaluation on team member evaluations.

Staying on top of your deadlines (CuLearn)*
Information on weekly assignments and other general information will be communicated during class on a regular basis. However, weekly readings, critical additional information, updates about the class and details regarding upcoming assignments will be posted to the course webpage (https://www.carleton.ca/culearn/). It is your responsibility to visit CuLearn regularly.

*Deadlines are strict. Failure to meet deadlines will result in grade penalties of 10% per day. Assignments more than 7 days (1 week) late will be considered missed. The quality of your writing is an important component of effectively presenting your “ideas”. If you need or would like coaching on your writing skills, help is available to you at the writing tutorial service (WTS) at www.carleton.ca/wts/.

**ADDITIONAL INFORMATION**

**Course Sharing Websites**
Student or professor materials created for this course (including presentations and posted notes, labs, case studies, assignments and exams) remain the intellectual property of the author(s). They are intended for personal use and may not be reproduced or redistributed without prior written consent of the author(s).

**Required calculator in BUSI course examinations**
If you are purchasing a calculator, we recommend any one of the following options: Texas Instruments BA II Plus (including Pro Model), Hewlett Packard HP 12C (including Platinum model), Staples Financial Calculator, Sharp EL-738C & Hewlett Packard HP 10bII

**Group work**
The Sprott School of Business encourages group assignments in the school for several reasons. They provide you with opportunities to develop and enhance interpersonal, communication, leadership, follower-ship and other group skills. Group assignments are also good for learning integrative skills for putting together a complex task. Your professor may assign one or more group tasks/assignments/projects in this course. Before embarking on a specific problem as a group, it is your responsibility to ensure that the problem is meant to be a group assignment and not an individual one.

In accordance with the Carleton University Undergraduate Calendar (p 34), the letter grades assigned in this course will have the following percentage equivalents:

**Academic Regulations, Accommodations, Etc.**
University rules regarding registration, withdrawal, appealing marks, and most anything else you might need to know can be found on the university’s website, here:
http://calendar.carleton.ca/undergrad/regulations/academicregulationsoftheuniversity/

**Requests for Academic Accommodations**
*For Students with Disabilities:*
The Paul Menton Centre for Students with Disabilities (PMC) provides services to students with Learning Disabilities (LD), psychiatric/mental health disabilities, Attention Deficit Hyperactivity Disorder (ADHD), Autism Spectrum Disorders (ASD), chronic medical conditions, and impairments in mobility, hearing, and vision. If you have a disability requiring academic accommodations in this course, please contact PMC at 613-520-6608 or pmc@carleton.ca for a formal evaluation. If you are already registered with the PMC, contact your PMC coordinator to send me your Letter of Accommodation at the beginning of the term, and no later than two weeks before the first in-class scheduled test or exam requiring accommodation *(if applicable).* After requesting accommodation from PMC, meet with me to ensure accommodation arrangements are made. The deadlines for contacting the Paul Menton Centre regarding
accommodation for final exams for the December 2015 exam period is November 6, 2015 and for the April 2016 exam period is March 6, 2016.

For Religious Obligations:
Students requesting academic accommodation on the basis of religious obligation should make a formal, written request to their instructors for alternate dates and/or means of satisfying academic requirements. Such requests should be made during the first two weeks of class, or as soon as possible after the need for accommodation is known to exist, but no later than two weeks before the compulsory event.

Accommodation is to be worked out directly and on an individual basis between the student and the instructor(s) involved. Instructors will make accommodations in a way that avoids academic disadvantage to the student.

Students or instructors who have questions or want to confirm accommodation eligibility of a religious event or practice may refer to the Equity Services website for a list of holy days and Carleton’s Academic Accommodation policies, or may contact an Equity Services Advisor in the Equity Services Department for assistance.

For Pregnancy:
Pregnant students requiring academic accommodations are encouraged to contact an Equity Advisor in Equity Services to complete a letter of accommodation. The student must then make an appointment to discuss her needs with the instructor at least two weeks prior to the first academic event in which it is anticipated the accommodation will be required.

Academic Integrity
Violations of academic integrity are a serious academic offence. Violations of academic integrity – presenting another’s ideas, arguments, words or images as your own, using unauthorized material, misrepresentation, fabricating or misrepresenting research data, unauthorized cooperation or collaboration or completing work for another student – weaken the quality of the degree and will not be tolerated. Penalties may include; a grade of Failure in the submitted work and/or course; academic probation; a refusal of permission to continue or to register in a specific degree program; suspension from full-time studies; suspension from all studies at Carleton; expulsion from Carleton, amongst others. Students are expected to familiarize themselves with and follow the Carleton University Student Academic Integrity Policy which is available, along with resources for compliance at: http://www2.carleton.ca/sasc/advisingcentre/academic-integrity/.

Sprott Student Services
The Sprott student services office, located in 710 Dunton Tower, offers academic advising, study skills advising, and overall academic success support. If you’re having a difficult time with this course or others, or just need some guidance on how to successfully complete your Sprott degree, please drop in any weekday between 8:30am and 4:30pm. Our advisors are happy to discuss grades, course selection, tutoring, concentrations, and will ensure that you get connected with the resources you need to succeed! http://sprott.carleton.ca/students/undergraduate/support-services/
