Students Pursuing CPA Designation

If you are planning on pursuing the CPA designation, you will need additional courses on top of those required for the concentration. If you are planning on meeting the CPA Ontario Transition Requirements, you will need to complete the 51-credit hours. If you are not planning on meeting the CPA transition requirements (i.e. you want to enter the Professional Education Program (PEP) and plan to take the whole program), then you need to take the courses required for entry into the PEP. Refer to the handout showing the course requirements under both paths. www.gocpaontario.ca and/or <http://sprott.carleton.ca/wp-content/files/CPA-Paths-CU.pdf>

Should you need to alter your Winter registration based on Fall semester results, please consult with an advisor in the Sprott School of Business.
ugadvisor@sprott.carleton.ca

If you are considering a Concentration, you should declare in Second year. Adding a Concentration after 2nd year may delay graduation. For a double concentration 6.0 credits must be completed with a Min CGPA of 8.0.
