Students Pursuing CPA Designation

If you are planning on pursuing a CPA designation, you will need additional courses on top of those required for the concentration. If you are planning on meeting the CPA Ontario Transition Requirements, you will need to complete the 51-credit hours. If you are not planning on meeting CPA transition requirements (i.e. you want to enter the Professional Education Program (PEP) and plan to take the whole program), then you need to take the courses required for entry into the PEP.

Please contact MACC@sprott.carleton.ca for more information.
