COURSE OBJECTIVES  
The main objectives of this course are to introduce students to the basic marketing concepts, methods and terminology, and to enable you to develop an understanding of marketing’s role in modern organizations, on the one hand, and in the Canadian economic and social framework, on the other. The course will:

- examine the role of marketing and review its theoretical justification;  
- introduce the main concepts, principles, and terminology of marketing;  
- study environmental forces in markets and the behaviour of consumers within them;  
- familiarize participants with the main elements of marketing strategy;  
- outline the characteristics of marketing strategies in different application contexts; and  
- provide an opportunity to begin developing the analytical and implementation skills needed for effective decision making in marketing and other management disciplines.
In addition, the course is designed to provide you with an opportunity to develop basic research and communication skills necessary to marketing decision-making and a successful career in marketing. As an introductory course, it will present a comprehensive overview of the entire marketing process. Other courses offered in the Marketing area will allow you to pursue your interests in more depth.

COURSE NORMS

Use of cuLearn

This course uses cuLearn, Carleton’s learning management system. To access your courses on cuLearn go to [http://carleton.ca/culearn](http://carleton.ca/culearn). For help and support, go to [http://carleton.ca/culearn/students](http://carleton.ca/culearn/students). Any unresolved questions can be directed to Computing and Communication Services (CCS) by phone at 613-520-3700 or via email at ccs_service_desk@carleton.ca.

The course cuLearn website contains all the pertinent course information. This site will be the primary source for course announcements and distribution of materials including assignments, supplemental readings, etc. Grades will be posted to cuLearn as soon as they become available. In line with Sprott policy, it is your responsibility to check your grades by clicking on ‘Grades.’ In case of class cancellation due to inclement weather, an announcement will be posted on cuLearn as soon as possible.

Email Policy

The best way to contact the professor is to send her an email via cuLearn. If you wish to send her an email directly, please add “BUSI 2204” in your email’s subject line. In keeping with Carleton University policy, your @cmail accounts must be used for any enquiries which involve confidential student information (e.g., about grades or health issues). The professor does not respond to student emails over the weekend. During the week the professor will endeavor to answer your emails within 48 hours; you should not expect an immediate response. She will also not answer by email questions that have already been asked and answered in class. Please use the cuLearn course Forum (discussion board) to ascertain whether your classmates can assist you.

Recording or Videotaping Policy

Students are not permitted to make any unauthorized recordings or video of lectures.
Cellular Phone Usage Policy

The use of cellular phones is not permitted in this class. It is disruptive to the professor and other class members. If you carry a phone to class, please make sure it is turned off. If your cell phone rings during class, you will be asked to leave the class and not return that day. If an emergency situation requires you to keep your cell phone turned on, please discuss this with the instructor prior to the class.

Laptop Usage Policy

Laptop use in class is allowed for activities related to the class only. Do not use your laptop for any other purposes (e.g., surfing, emailing, etc.) which can be distractions to you and to those around you. Inappropriate use of your laptop in class will be noted and will affect your participation grade.
EVALUATION CRITERIA

To accomplish the course objectives several learning methods are utilized. You are strongly encouraged to participate in class discussions, which are the best vehicle to fully express your ideas and to let others benefit from them. A case analysis will help develop and test your decision-making and communication abilities. Short cases and/or other exercises may also be integrated into the course lectures and discussions. A comprehensive project will give you the opportunity to probe and report on a marketing situation that is of particular interest to you (and your group members) and to present and defend your ideas in a public forum during the project presentation. An in-class midterm exam and a final examination will help you consolidate the knowledge acquired throughout the course. The evaluation criteria are summarized as follows:

1. Class Attendance and Participation (individual) 10%
2. Marketing News Bites (individual) 10%
3. Marketing Plan (group project) 25%
   - Written report 20%
   - Presentation 5%
4. Midterm Exam 20%
5. Final Exam 35%

---------
Total 100%

NOTE: To pass this course, students must achieve (i) a minimum grade of 50% on the final exam, and (ii) a minimum grade of 50% on the group project.

Satisfactory In-term Performance

- The criterion/criteria and the standard(s) for Satisfactory In-term Performance are as follow(s):
  - Minimum grade of 50% on the total grade for the group project (presentation + written report = total grade).
  - Minimum grade of 50% on the final exam

- Unsatisfactory In-term Performance in this course will lead to:
  - Failure in this course (regardless of the performance at the Final exam or final project) Yes ☒ No ☐
  - FND grade in this course (in case of missed Final exam or project) Yes ☒ No ☐
1. Class Attendance and Participation:
Your participation and engagement are necessary for learning and success. Class participation is the classroom equivalent to professionals' participation in meetings. It is, therefore, considered important to success in this course. **Mere attendance does not count towards class participation.** Effective participation implies active and continuous contribution to class proceedings on the part of students in the form of raising or answering questions, commenting on issues raised by the instructor or other students, or bringing to the attention of the class relevant items of interest from the media or personal experiences. The professor will keep track of class participation which will count for 5% of your final grade. You are encouraged to keep a record of your own participation.

Attendance will be taken at each class and will count for 5% of your final grade. The penalty for missing one class is 1% of your final grade. It is a serious violation of academic integrity to ask someone to sign an attendance sheet for you or to sign an attendance sheet for others. Students who violate this regulation will automatically fail the course.

Arriving to class late or leaving during a class (except in extenuating circumstances and after informing the professor) is rude to the instructor and your fellow students and disruptive of the learning environment. Such behaviour is not appreciated in any situation or organization, including this classroom.

Please note that attendance at the library information session and during the classes when the comprehensive group projects are being presented is mandatory; failure to attend these classes will result in a reduction of your participation grade.

2. Marketing News Bites:
You are required to find a recent article about marketing in a newspaper or business magazine (published on or after December 1, 2015) and describe the key marketing concepts extracted from the article in light of the marketing theory covered in the classes prior to the submission of your assignment. You must submit your assignment both as a hard copy and as an electronic file. Only the hard copy submitted in class will be graded. The purpose of the electronic submission via cuLearn is to create (for my records) a reservoir of all submitted papers. The detailed guideline will be posted on cuLearn.

3. Marketing Plan Project:
A major take away from this course is the ability to construct a marketing plan. You and your group members will find a company to work with to complete a full marketing plan. A grading rubric for the assignment will be posted on cuLearn.

4 and 5. Midterm and Final Exam
The midterm exam will be held during regular class time. The midterm will be based on the textbook chapters and all lectures and materials covered in class up to the date of the midterm. The format of the exam will be discussed in class prior to the exam.

The final examination will be held during the formal exam period for fall term courses. The exact date and time will be announced later in the term. Students are advised to take final exam dates into consideration prior to making any travel arrangements. The final exam will be based on all topics covered (in class and in the readings) during the term, with
emphasis on the latter part of the course. The format of the final exam will be discussed in class. **Please note: students must achieve a minimum of 50% on the final exam to pass the course.**

**AN IMPORTANT NOTE ON GROUP ASSIGNMENTS**

The intent of having group assignments is to provide an opportunity for students to learn from each other in a more intimate setting than the classroom provides. Group work does NOT consist of dividing the assignment up into parts that may be completed by individuals and then throwing those parts together into one document. That is why a certain portion of the marks for each assignment are dedicated to how the assignment reads; it should flow as one piece of writing, not a collection of individual styles. Since you are considered to be working on the entire assignment together, you are all jointly and individually responsible for any infractions of academic integrity. This means that if one of you plagiarizes or fails to cite sources, all of you will receive the same penalty. You do not have recourse to the excuse that you personally did not complete that portion of the assignment – this is GROUP work. Please keep this in mind as you complete the Academic Integrity Declaration.

**LATE PENALTY**

All assignments are due at the beginning of class. Once the lecture starts, your assignment is late. It is extremely rude to interrupt the lecture to hand your assignment in; wait until the break. Late assignments are penalized at the rate of 10% of the value of the assignment per day. This includes the first day. If you hand your assignment in after the lecture begins, you will lose 5%. Do NOT slide your assignment under the professor’s office door. If your assignment is late, you must make arrangements to deliver the assignment to the professor or teaching assistant.

It is to your advantage to keep up with the required work and hand your assignments in on time. **No deadline extension will be given for group assignments.**

**INABILITY TO COMPLETE AN ASSIGNMENT OR WRITE THE MIDTERM EXAM DUE TO ILLNESS**

The students who are not able to write the midterm exam due to a certified illness will have the weight of the midterm exam added to their final exam. The students must submit their medical notes to the professor within 2 working days of the missed examination/course work deadline.

The situation of students who cannot contribute to the group case study due to certified illness will be dealt with according to the provisions of your Group Contract.

Group work
The Sprott School of Business encourages group assignments in the school for several reasons. They provide you with opportunities to develop and enhance interpersonal, communication, leadership, follower-ship and other group skills. Group assignments are also good for learning integrative skills for putting together a complex task. Your professor may assign one or more group tasks/assignments/projects in this course. Before embarking on a specific problem as a group, it is your responsibility to ensure that the problem is meant to be a group assignment and not an individual one.

In accordance with the Carleton University Undergraduate Calendar (p 34), the letter grades assigned in this course will have the following percentage equivalents:

Academic Regulations, Accommodations, Etc.
University rules regarding registration, withdrawal, appealing marks, and most anything else you might need to know can be found on the university’s website, here: http://calendar.carleton.ca/undergrad/regulations/academicregulationsoftheuniversity/

Requests for Academic Accommodations
For Students with Disabilities: The Paul Menton Centre for Students with Disabilities (PMC) provides services to students with Learning Disabilities (LD), psychiatric/mental health disabilities, Attention Deficit Hyperactivity Disorder (ADHD), Autism Spectrum Disorders (ASD), chronic medical conditions, and impairments in mobility, hearing, and vision. If you have a disability requiring academic accommodations in this course, please contact PMC at 613-520-6608 or pmc@carleton.ca for a formal evaluation. If you are
already registered with the PMC, contact your PMC coordinator to send me your *Letter of Accommodation* at the beginning of the term, and no later than two weeks before the first in-class scheduled test or exam requiring accommodation (*if applicable*). After requesting accommodation from PMC, meet with me to ensure accommodation arrangements are made. The deadlines for contacting the Paul Menton Centre regarding accommodation for final exams for the December 2015 exam period is November 6, 2015 and for the April 2016 exam period is March 6, 2016.

*For Religious Obligations:*

Students requesting academic accommodation on the basis of religious obligation should make a formal, written request to their instructors for alternate dates and/or means of satisfying academic requirements. Such requests should be made during the first two weeks of class, or as soon as possible after the need for accommodation is known to exist, but no later than two weeks before the compulsory event.

Accommodation is to be worked out directly and on an individual basis between the student and the instructor(s) involved. Instructors will make accommodations in a way that avoids academic disadvantage to the student.

Students or instructors who have questions or want to confirm accommodation eligibility of a religious event or practice may refer to the Equity Services website for a list of holy days and Carleton’s Academic Accommodation policies, or may contact an Equity Services Advisor in the Equity Services Department for assistance.

*For Pregnancy:*

Pregnant students requiring academic accommodations are encouraged to contact an Equity Advisor in Equity Services to complete a letter of accommodation. The student must then make an appointment to discuss her needs with the instructor at least two weeks prior to the first academic event in which it is anticipated the accommodation will be required.

*Academic Integrity*

Violations of academic integrity are a serious academic offence. Violations of academic integrity – presenting another’s ideas, arguments, words or images as your own, using unauthorized material, misrepresentation, fabricating or misrepresenting research data, unauthorized co-operation or collaboration or completing work for another student – weaken the quality of the degree and will not be tolerated. Penalties may include expulsion; suspension from all studies at Carleton; suspension from full-time studies; a refusal of permission to continue or to register in a specific degree program; academic probation; and a grade of Failure in the course, amongst others. Students are expected to familiarize themselves with and follow the Carleton University Student Academic Integrity Policy which is available, along with resources for compliance at: [http://www2.carleton.ca/sasc/advisingcentre/academic-integrity/](http://www2.carleton.ca/sasc/advisingcentre/academic-integrity/).

**Important Information:**

- **Students must always retain a hard copy of all work that is submitted.**
- **All final grades are subject to the Dean’s approval.**

**Correspondence**

**Account:** In all email correspondences with the professor, please use your official CARLETON address. If you do not have or have yet to activate your Carleton account, you may wish to do so by visiting [http://carleton.ca/ccs/students/](http://carleton.ca/ccs/students/)

**Subject:** Always identify the course number, section, and a brief topic in the subject line of all emails (e.g., BUSI2304 B, Team Project). Also, include your first and last name and student number at the end of each email.

**Response Time:** Allow two working days to hear back. Therefore, it is best to e-mail far in advance with questions / comments. So, for example, there is no guarantee for an immediate response to an e-mail which was sent the day before a class or the day before the due date for a paper submission.

**E-mail in general:** Consider that there are opportunities to ask questions directly in class, or during office hours, that can be easily answered as opposed to waiting for an e-mail response. While e-mail is a great communication method, it is not always the best source.

Please be polite, respectful and follow good etiquette when writing emails. Try to write clear emails and be as brief as possible. Before you write “enquiry emails” about administrative aspects of the course, check the course outline or cuLearn to see if the information you are looking for is already posted. This is good professional business practice.

**Remarking**

From time to time, students have legitimate concerns about marks they have received on a piece of work submitted. It is important to understand that you do have recourse if you feel that any paper handed back to you has not been marked appropriately for the work you have submitted.

If you ever feel this way during this course, you must embark upon the following procedure **within one week** of the paper being handed back in class:

1) Indicate in writing specifically what your concern(s) is (are). This does not mean that you simply say “I think I deserve more marks.” You must clearly indicate where the marker made a mistake in his/her marking of the paper. In this regard, you must refer to the class notes, excerpt in the textbook, etc., supporting your claim.
2) After completing #1 above, you must submit the paper with your comments back to the Professor *within one week* of the paper being handed back in class. If you did not pick up the paper when it was handed back, you still have only one week from the original hand-back date to request a remark.

3) If a paper is not resubmitted following the above guidelines, the Professor will regard the mark as originally assigned to be final. **NO MARKS** will be changed at a later date.

*It is important to note that the Professor reserves the right to remark the entire paper in question and to either leave the mark as is or to change it positively or negatively as required.*
