Please note: Required major courses are generally offered in the fall/winter. concentration courses have limited offerings in the summer term.

Year 1 Students: It is not recommended that you take electives in year 1. If you wish to take electives as a 2nd year student, you will need to push some Major courses into year 3 for example BUSI 2601 or 2701.

Electives can be chosen strategically to complete concentration and/or minors. However, you are not required to choose any concentration or minor to graduate with BCom.

[6.5 credits] will be considered open Electives and can be completed by taking courses of your choosing.

The advisors can verify upon your completed registration if your electives are counting, but cannot assist with the selection process.

If you are considering a concentration, you should declare by the end of year 2. Adding a concentration after year 2 may delay graduation. For double concentrations [6.0 credits] must be completed with a minimum overall CGPA of 8.0.

Should you need to alter your winter Registration based on fall semester results, please consult a BCom advisor in the Sprott School of Business.
