Tomberlin, Jerry

The Great Divide Between Business School Research and Business Practice
Publication Type: Articles in Refereed Journals
Area of Research: Education

A Bayesian Analysis of a Random Effects Small Business Loan Credit Scoring Model
Publication Type: Articles in Refereed Journals

Regional Air Transport in Quebec: Trends and Challenges
Publication Type: Articles in Refereed Journals

A Comparison of Computational Approaches to Bayesian Small Area Estimation of Proportions in Hierarchical Logistic Models
Publication Type: Articles in Refereed Journals

Outlier Detection for a Hierarchical Bayes Model in a Study of Hospital Variation in Surgical Procedures
Publication Type: Articles in Refereed Journals

L'arrimage entre la recherche, l'enseignement et la pratique de la gestion
Dostaler, I. and T.J. Tomberlin (2010), "L'arrimage entre la recherche, l'enseignement et la pratique de la gestion", 78e congrès de l'Association canadienne-française pour l'avancement des sciences (ACFAS), Montreal, May.
Publication Type: Presentations at Conferences

Les défis du transport aérien régional au Québec
Profil de la demande de transport aérien régional de passagers au Québec et tendances

A Hierarchical Bayes Approach to Estimation and Prediction for Time Series Counts

Understanding the Demand for Regional Air Transport in Quebec

Empirical Bayes Estimators of Small Area Proportions in Multi-Stage Designs

An Evaluation of Bootstrap Techniques for Correcting Empirical Bayes Interval Estimates

Empirical Bayes Small Area Estimates Using Logistic Regression Models and Summary Statistics

A Hybrid Methodology for Measuring Unit Costs in Multi-Branch Institutions

Protection Against Outlying Observations in Empirical Bayes Estimation

**Publication Type:** Articles in Refereed Journals

**Estimation de Proportions Pour Petites Regions par des Méthodes Bayesienne Empirique**

**Publication Type:** Presentations at Conferences

**Small Area Estimates of Proportions Via Empirical Bayes Techniques**

**Publication Type:** Articles in Refereed Journals

**Predicting Accident Frequencies for Drivers Classified by Two Factors**

**Publication Type:** Articles in Refereed Journals

**Effects of the Uncertainty about Subjective Reference Prices on Price Perceptions: An Empirical Bayes Approach**

**Publication Type:** Papers in Refereed Conference Proceedings

**Credit Scoring Models Using Logistic Regression**

**Publication Type:** Presentations at Conferences

**Small Area Estimates of Proportions Via Empirical Bayes Techniques**

**Publication Type:** Papers in Refereed Conference Proceedings

**Modelling the Loan Officer's Decision Process for Evaluating Small Business Loan Applications**

Logistic Regression Methods for Credit Scoring

Complex Sample Designs for Estimating Regression Parameters

Empirical Bayes Estimates of Demand for Transportation Mode: A Proposed Methodology and Implications for Network Scheduling

Predicting Insurance Losses Under a Cross-Classification: A Comparison of Alternative Approaches

Using Model-Based Smoothing and Empirical Bayes Estimation Techniques to Predict Automobile Accident Frequencies for California Drivers in a Two-Way Classification

A Comparison of Non-Parametric Regression Methods

Statistical Evidence in Employment Discrimination Cases
A Statistical Perspective on Actuarial Methods for Estimating Pure Premiums from Cross-Classified Data

Chemical and Physical Characteristics of Shallow Ground Water in Bogs, Swamps, Fens, and Marshes in Northern Michigan

Empirical Bayes Prediction of Accident Frequencies in a Two-Way Classification

Empirical Bayes Prediction of Automobile Insurance Losses for a Two-Way Classification of Risks

A Correction for Diffusion

A Statistical Interpretation of Actuarial Relativities

Pricing Automobile Insurance Under a Cross-Classification of Risks: Evidence from New Jersey
