Learning Outcomes:

The main learning objectives of this course are to introduce students to the basic marketing concepts, methods and terminology, and to enable you to develop an understanding of marketing's role in modern organizations, on the one hand, and in the Canadian economic and social framework, on the other. The course will:

- examine the role of marketing and review its theoretical justification.
- introduce the main concepts, principles, and terminology of marketing.
- study environmental forces in markets and the behaviour of consumers within them.
- familiarize participants with the main elements of marketing strategy.
- outline the characteristics of marketing strategies in different application contexts.
- facilitate the development of basic research and communication skills necessary to marketing decision-making and a successful career in marketing.
- provide an opportunity to begin developing the analytical and implementation skills needed for effective decision making; and
- provide the opportunity to develop team -work skills and group leadership skills.

As an introductory course, BUSI 2208 presents a comprehensive overview of the entire marketing process. Other courses offered in the Marketing area will allow you to pursue your specific marketing-related interests in more depth.

assignments, supplemental readings, etc. Grades will be posted to cuLearn as soon as they become available. In line with Sprott policy, it is your responsibility to check your grades by clicking on 'Grades.'

Email Policy

The best way to reach the professor is by email. **Please be sure to indicate BUSI 2208E in the subject line, so that I will know which of the classes I'm teaching you are taking.** In keeping with Carleton University policy, your @cmail email account must be used for any enquiries which involve confidential student information (e.g., about grades or health issues). I do not respond to student emails over the weekend. During the work week I will endeavor to answer your emails within 24 hours; you should not expect an immediate response.

Course Requirements & Methods of Evaluation:

To accomplish the course learning objectives several assessment methods are utilized. A midterm and final exam will assess how you have been able to integrate the material and help you consolidate the knowledge you have acquired throughout the course. Group assignments allow you to develop your virtual group work and leadership skills, along with formalizing what goes into a marketing plan. Making an online presentation will allow you to gain practice presenting your work to an audience. Finally, you will have the opportunity to participate in research studies (as they become available) or online workshops for a maximum of 2% in bonus marks. The evaluation criteria are summarized as follows:

1. Midterm Exam (individual)	20%
2. Partial Marketing Plan Analysis (group)	15%
3. Full Marketing Plan Report (group)	30%
4. Presentation (group)	5%
5. Final Exam (individual)	30%
6. Bonus Marks	<u>2%</u>
Total	102%

1. Midterm Exam

During the semester, you will complete one (1) two-hour midterm exam online. This exam will cover the material from several chapters in your textbook, recorded lectures, and online videos (e.g., library information session videos). The format for the exam will be announced at a later date. You will be able to take the exam online as indicated in the course schedule.

If you are not able to take a midterm exam on the assigned date, you may make arrangements to write a make-up exam provided that you provide me with supporting documentation, for example, a police report or funeral announcement in the case of family emergencies. In all cases, you must provide such documentation in a timely manner, e.g., before the exam is debriefed in class (see class schedule for dates).

2. Partial Marketing Plan Analysis and 3. Full Marketing Plan Report

A major take-away from this course is the ability to construct a marketing plan. You will have the opportunity to practice this skill twice during the semester, both times as part of a group. **Group membership is self-assigned by the student through the cuLearn self-selection link and each group is required to submit a copy of their group contract to me.** Please see the 'Group Work Resources' document on the cuLearn site for information that can help you to coordinate the work of your team.

A grading rubric for each of these assignments will be posted on cuLearn. **You should expect to spend a considerable amount of time and effort on this assignment, so plan your time wisely.** Remember that Spratt students come from around the world; you may need to work in an asynchronous manner in order to take into consideration differing time zones.

Both group assignments will be based on the case **Aspire Food Group: Marketing a Cricket Protein Brand**, the case may be downloaded via the library's online reserve system.

To access materials placed on reserve for this course, login to cuLearn and select this course. Look for the 'Library Reserves' block on the right-hand side. Click on 'view course in Ares'. Locate the case study in the list of items put on reserve. Click 'view item'. If you are accessing the system from off-campus, you will be asked to login using your MyCarletonOne credentials. Once you have done this, you should have access to the case.

In addition, links to materials to help you formulate your marketing plan have been posted to cuLearn. Finally, in place of an in-person library information session, Matthew Gertler, the Business and Government Information Librarian, will be creating a series of videos to help you learn how to access information resources through the Carleton Library that you will need to complete your assignment.

Inability to Complete a Group Assignment Due to Illness or Other Emergencies:

The situation of students who cannot contribute to the group marketing plan assignments due to illness or family emergency will be dealt with according to the provisions of your Group Contract. Please be sure that you contribute to and are aware of the provisions outlined in your group's contract.

Infractions of Academic Integrity

As part of your group assignment, you must complete and upload the 'Declaration of Academic Integrity' form available on cuLearn. Since you are considered to be working on the entire assignment together, **you are all jointly and individually responsible for any infractions of academic integrity.** This means that if one of you plagiarizes or fails to cite sources, all of you will receive the same penalty.

You do not have recourse to the excuse that you personally did not complete that portion of the assignment – this is GROUP work.

Late Penalty

Late assignments are penalized at the rate of 5% of the value of the assignment per day (e.g., an assignment worth 15 marks will be penalized 0.75 marks per day). **Both the Partial Marketing Plan Analysis and Full Marketing Plan Report should be sent to me by e-mail by the deadline indicated in the course schedule.**

5. Presentation

During the last two weeks of class, groups will present their final marketing plan. The software to be used will be the Big Blue Button Technology. All students are expected to ‘attend’ the presentations.

6. Final Exam

The final exam will be written during the university’s formal exam period, April 16 to 27, 2021. Please take note of these dates since you are expected to be available to write your exam. The final exam is cumulative and will cover all assigned textbook chapters, lecture materials, and any additional assigned readings or videos.

7. Bonus Marks

As a student enrolled in BUSI 2208, **you are eligible to participate in behavioural research in exchange for bonus credit in this course.** You will receive 1% bonus credit for each hour of participation in a research study, up to a potential maximum of 2%. Any bonus credit earned will be added to your final grade at the end of the term. Sign-up for studies is managed via the Sprott SONA research registration system, located at <https://sprott.sona-systems.com/>. All students registered in this course will receive an email from “Sprott Research Study Sign-Up System” sprott-admin@sona-systems.net at the beginning of the term (typically after the course add/drop date), containing the user ID and password that they can use to sign in. In addition to registering to take part in studies, you can use the SONA system to track your participation and ensure that your bonus credit is recorded. If you have questions, please email: behaviourlab@sprott.carleton.ca for more information.

IMPORTANT NOTE: We do not guarantee that a full 2% bonus credit will be available. Due to variations in research schedules, the number of studies offered each term will vary. In addition, since space in some studies may be limited and certain studies may only be available for a limited time, you are encouraged to register for studies as soon as they become available.

As an alternative to participating in research studies, you may take online workshops offered by the Centre for Student Academic Support. This class is participating in the Incentive Program. Since your completion of the workshops will be tracked by CSAS, you must self-enroll through the CSAS Online Learning Community, at: <https://carleton.ca/csas/online-support>. Please note that while you are encouraged to take the Online Learning Orientation workshop, it is not part of the Incentive Program.

For each workshop you take during Winter semester 2021, you will receive 1% bonus credit, up to a maximum of 2%. You may not count workshops completed for other courses or during other time periods towards bonus credit.

You may choose to combine participation in research studies with completion of online workshops. For example, if you participate in two 30-minute research studies, you would earn 1% bonus credit. If you then completed an online workshop, you would earn an additional 1% bonus credit, towards the maximum of 2%.
