Class Attendance

Class attendance is essential for engaging with the course material and interacting with the instructor and classmates, which creates the class experience. Attendance will be assessed via means of an attendance sheet, which will be circulated in each class.

Participating in class activities is not assessed in this course but is essential for the individual's and collective learning experience and so is highly encouraged. Participation can be in the form of discussing issues and questions raised by the instructor or classmates, generating ideas related to the readings, responding to others' ideas constructively (that could mean respectfully disagreeing and explaining why), questioning, keeping discussion flow, commenting, and building on others' contributions. For the sake of positive participation, it is recommended to study the readings before class.

Practice Questions

In order to prepare for the quizzes, midterm, and final exams, the instructor will post practice questions along with their solutions at the end of each class. Students are not required to submit their solutions and there is no grade assigned to this activity. Students are encouraged to discuss the practice questions, if they need any clarifications, with the instructor or TA during office hours or by email.

Quizzes

The objective of the quizzes is to encourage studying the course material on a regular basis and practice for exams. There will be two quizzes to be done individually in class as indicated in the course schedule. Solutions of a quiz will be posted on CU Learn after the quiz is taken.

Midterm Exam

The exam will be closed book and closed notes. It will be 2.5 hours long. Date, time, and location TBA. If you must miss the mid-term exam for verifiable reasons acceptable by university guidelines, you may apply to write a deferred mid-term exam by submitting verifiable documentation to the instructor no later than five (5) calendar days after the midterm date. Upon approval of the application, a deferred midterm will then be scheduled within two weeks after the mid-term scheduled date. Students are advised that exam papers will not be returned back to them after being marked. They will be available for consultation only at the instructor's office during office hours.

Final Exam

The exam will be closed book and closed notes. The final exam will be comprehensive but will place greater emphasis on the topics taught past the midterm exam. Both quantitative and qualitative questions can be expected. The date, time, and location of the final exam will be announced by the university. The scheduling office will determine the student's eligibility for a deferred final examination. However, students who do not obtain at least 50% average on their term work for the course (i.e. mid-term, attendance and quizzes combined) may be refused by the instructor the privilege of a deferred final examination. In such case, a FND grade will be assigned to the student. Students are advised that exam papers will not be returned back to them after being marked. They will be available for consultation only at the instructor's office during office hours.

- **Students should use their Cmail account and not any other email accounts to communicate with the instructor or the TA.**
- **All forms of communication (cell phones, social networks, etc) are prohibited in class.**

Group work

The Sprott School of Business encourages group assignments in the school for several reasons. They provide you with opportunities to develop and enhance interpersonal, communication, leadership, follower-ship and other group skills. Group assignments are also good for learning integrative skills for putting together a complex task. Your professor may assign one or more group tasks/assignments/projects in this course. Before embarking on a specific problem as a group, it is your responsibility to ensure that the problem is meant to be a group assignment and not an individual one.

In accordance with the Carleton University Undergraduate Calendar (p 34), the letter grades assigned in this course will have the following percentage equivalents:

A+ = 90-100	B+ = 77-79	C+ = 67-69	D+ = 57-59
A = 85-89	B = 73-76	C = 63-66	D = 53-56

Requests for Academic Accommodations

Academic Accommodations for Students with Disabilities

The Paul Menton Centre for Students with Disabilities (PMC) provides services to students with Learning Disabilities (LD), psychiatric/mental health disabilities, Attention Deficit Hyperactivity Disorder (ADHD), Autism Spectrum Disorders (ASD), chronic medical conditions, and impairments

in mobility, hearing, and vision. If you have a disability requiring academic accommodations in this course, please contact PMC at 613-520-6608 or pmc@carleton.ca for a formal evaluation. If you are already registered with the PMC, contact your PMC coordinator to send me your **Letter of Accommodation** at the beginning of the term, and no later than two weeks before the first in-class scheduled test or exam requiring accommodation (*if applicable*). After requesting accommodation from PMC, meet with me to ensure accommodation arrangements are made. Please consult the PMC website for the deadline to request accommodations for the formally-scheduled exam (*if applicable*).

- The deadlines for contacting the Paul Menton Centre regarding accommodation for final exams for the December 2014 exam period is November 7, 2014.

For Religious Obligations:

Students requesting academic accommodation on the basis of religious obligation should make a formal, written request to their instructors for alternate dates and/or means of satisfying academic requirements. Such requests should be made during the first two weeks of class, or as soon as possible after the need for accommodation is known to exist, but no later than two weeks before the compulsory event.

Accommodation is to be worked out directly and on an individual basis between the student and the instructor(s) involved. Instructors will make accommodations in a way that avoids academic disadvantage to the student.

Students or instructors who have questions or want to confirm accommodation eligibility of a religious event or practice may refer to the Equity Services website for a list of holy days and Carleton's Academic Accommodation policies, or may contact an Equity Services Advisor in the Equity Services Department for assistance.

For Pregnancy:

Pregnant students requiring academic accommodations are encouraged to contact an Equity Advisor in Equity Services to complete a letter of accommodation. The student must then make an appointment to discuss her needs with the instructor at least two weeks prior to the first academic event in which it is anticipated the accommodation will be required.

Academic Integrity

Violations of academic integrity are a serious academic offence. Violations of academic integrity – presenting another's ideas, arguments, words or images as your own, using unauthorized material, misrepresentation, fabricating or misrepresenting research data, unauthorized co-operation or collaboration or completing work for another student – weaken the quality of the degree and will not be tolerated. Penalties may include expulsion; suspension from all studies at Carleton; suspension from full-time studies; a refusal of permission to continue or to register in a specific degree program; academic probation; and a grade of Failure in the course, amongst others. Students are expected to familiarize themselves with and follow the Carleton University Student Academic Integrity Policy which is available, along with resources for compliance at <http://www2.carleton.ca/sasc/advisingcentre/academic-integrity/>.
