Calendar description

Accounting problems associated with business combinations, with attention to the preparation of consolidated financial statements. Discussion may extend to financial reporting and diversified companies, reorganizations, etc. Selection of topics may vary from year to year.

Course Description and Objectives

Discussion of accounting issues and problems associated with business combinations, long-term intercorporate investments, diversified operations, foreign operations and not-for-profit organizations. Equity accounting, preparation of consolidated financial statements, and foreign currency translation are given particular attention.

Prerequisites

BUSI 2002 with a grade of C- or higher.

The School of Business enforces all prerequisites.

Learning Outcomes

Students will be expected to demonstrate the following learning outcomes:

- Understand, interpret, apply and critically evaluate the pronouncements of the CPA Canada Handbook
- Identify problems, analyze alternatives and recommend solutions to satisfy users' needs
- Express information and concepts concisely, clearly and legibly when writing and concisely, clearly and loudly when speaking

Examinations and Grading

Weekly Online Problems	10%
Case Assignment	10%
Mid-Term – 2 hours	30%
Final Exam – 3 hours	<u>50%</u>
	<u>100%</u>

Weekly online problems: Problems from the textbook will be answered on the McGrawHill Connect website on a weekly basis. The problems will be slightly different for each student. The answers will be automatically graded by the Connect software. The problem due date schedule will be provided on cuLearn. Detailed instructions will be posted in the McGrawHill Connect website. **If your grade on the final exam is higher than the grade on the weekly online problems, then your final exam grade will be worth 60% of your final grade.**

Case Assignment: The case assignment will be a short, integrated case covering the course material. It will be due **Wednesday August 9, 2018 at 1 PM.**

The mid-term will be held during the formal exam period June 22 – 28, 2018. Location and will be announced in cuLearn about a week before the mid-term. The mid-term will cover chapters 2-7.

The mid-term will be marked by the teaching assistants together with the professor and follow a rigorous quality control process that (hopefully) ensures that the grade awarded on exams is fair. However, no system is 100% error-free, so it is possible that you may wish to call into question a grade that has been awarded on a test or assignment. In this circumstance, please write a brief note describing the difficulty with the awarded grade and provide this note, together with the graded test or assignment, to me no later than seven calendar days following the return of the graded work. Please be sure to include your name and student number on the note to enable me to properly identify it.

Graded midterms can be collected from the CUOL Student Centre, D299 Loeb. If you do not normally come to campus, the CUOL Student Centre staff will scan and email the graded midterm to you. Please send a request for a scanned copy from your Carleton email account to cuol@carleton.ca and make sure to include your name, the course and your student number.

The final examination will be held in the regular examination period (August 18 - 24). The duration of the exam will be 3 hours. The final examination will cover the whole course. You need to obtain a minimum grade of 40% on the final exam to pass this course.

If you are planning on writing the mid-term and final exam off campus, you must make these arrangements with the CUOL office (<http://carleton.ca/cuol/>) early in the term. If you miss the deadline to apply for an off campus exam, you will be required to write your exam on campus.

The exams will test both the technical and conceptual aspects of the course. The final exam will be comprehensive in nature and will cover the whole course. Only non-programmable calculators (without alpha storage capabilities) will be permitted for use during examinations. Translation dictionaries are allowed as long as they are in print format and do not contain any handwritten notes. Electronic translation dictionaries are not allowed.

Deferred Term Work

In some situations, students are unable to complete term work because of illness or other circumstances beyond their control, which forces them to delay submission of the work. Students who claim illness, injury or other extraordinary circumstances beyond their control as a reason for missed term work are held responsible for immediately informing the instructor concerned and for making alternate arrangements with the instructor and in all cases this must occur no later than three (3.0) working days after the term work was due. The alternate arrangement must be made before the last day of classes in the term as published in the academic schedule. Normally, any deferred term work will be completed by the last day of term. In the event the altered due date must extend beyond the last day of classes in the term, the instructor will assign a grade of zero for the work not submitted and submit the student's earned grade accordingly; the instructor may submit a change of grade at a later date. Term work cannot be deferred by the Registrar.

The 'Slides and Instructions' Files

These documents located in CULearn provide you with the road map to the course:

- the first page of the Chapter File provides you with the list of the videos you should be watching and the order in which you should be watching them,
- the remaining pages provide you with a copy of the PowerPoint slides and in-class problems that are taken up in the videos

All you literally need to do is to print the chapter files out and follow along.

How to do well in this course:

WATCH ALL VIDEOS, AND PRACTICE, PRACTICE, PRACTICE...

To perform well in this course, you must spend time answering extra problems and checking the answers to test your understanding. To maximize your learning, you should make an honest attempt at the question before peeking at the solution. Simply reading a question and then turning to the solution right away is next to useless. You will find that there is likely to be a direct correlation between the number of problems you prepare, your attendance in class and your course grade.

Teaching Assistants and Support

Teaching assistants are available to support you throughout this course. They will answer any questions posted to the Discussion Forums in a timely manner. In addition, senior accounting TA's will be holding regular weekly office hours. The office hour schedule will be posted to cuLearn.

TOPICAL EMPHASIS:

For every chapter and section of the chapters covered in class, a number representing the level of emphasis ranging from one to four is indicated below. These levels have the following interpretation:

- Level 1 **In-depth knowledge** - students will be expected to know and fully understand and apply the contents of these sections.

- Level 2 **Working level knowledge** - students should have a basic understanding of the conceptual aspects of these topics and develop a working knowledge of procedures.

- Level 3 **Awareness level knowledge** - students will be expected to read these sections on their own, will be held responsible for general knowledge only and should understand the circumstances in which the material would arise or be applied.

- Level 4 **No knowledge requirement.**

ASPE Differences and Disclosure Requirements are Level 2 topics. Level 4 topics will not be examined in this course. Level 3 topics are examinable but at a very general level and will comprise a maximum of 10% of any exam.

Group work

The Spratt School of Business encourages group assignments in the school for several reasons. They provide you with opportunities to develop and enhance interpersonal, communication, leadership, follower-ship and other group skills. Group assignments are also good for learning integrative skills for putting together a complex task. Your professor may assign one or more group tasks/assignments/projects in this course. Before embarking on a specific problem as a group, it is your responsibility to ensure that the problem is meant to be a group assignment and not an individual one.

In accordance with the Carleton University Undergraduate Calendar (p 34), the letter grades assigned in this course will have the following percentage equivalents:

A+ = 90-100	B+ = 77-79	C+ = 67-69	D+ = 57-59
A = 85-89	B = 73-76	C = 63-66	D = 53-56
A - = 80-84	B - = 70-72	C - = 60-62	D - = 50-52
F = Below 50			

Grades entered by Registrar:

WDN = Withdrawn from the course

DEF = Deferred

Academic Regulations, Accommodations, Etc.

University rules regarding registration, withdrawal, appealing marks, and most anything else you might need to know can be found on the university's website, here:

Requests for Academic Accommodations

For Students with Disabilities:

The Paul Menton Centre for Students with Disabilities (PMC) provides services to students with Learning Disabilities (LD), psychiatric/mental health disabilities, Attention

Deficit Hyperactivity Disorder (ADHD), Autism Spectrum Disorders (ASD), chronic medical conditions, and impairments in mobility, hearing, and vision. If you have a disability requiring academic accommodations in this course, please contact PMC at 613-520-6608 or pmc@carleton.ca for a formal evaluation. If you are already registered with the PMC, contact your PMC coordinator to send me your ***Letter of Accommodation*** at the beginning of the term, and no later than two weeks before the first in-class scheduled test or exam requiring accommodation (*if applicable*). **Requests made within two weeks will be reviewed on a case-by-case basis.** After requesting accommodation from PMC, meet with me to ensure accommodation arrangements are made. Please consult the PMC website (www.carleton.ca/pmc) for the deadline to request accommodations for the formally-scheduled exam (*if applicable*).

For Religious Obligations:

Students requesting academic accommodation on the basis of religious obligation should make a formal, written request to their instructors for alternate dates and/or means of satisfying academic requirements. Such requests should be made during the first two weeks of class, or as soon as possible after the need for accommodation is known to exist, but no later than two weeks before the compulsory event.

Accommodation is to be worked out directly and on an individual basis between the student and the instructor(s) involved. Instructors will make accommodations in a way that avoids academic disadvantage to the student.

Students and instructors can confirm accommodation eligibility of a religious event or practice by referring to the Equity Services website (<http://carleton.ca/equity/accommodation/religious-observances/>) for a list of holy days and Carleton's Academic Accommodation policies. If there are any questions on the part of the student or instructor, they can be directed to an Equity Services Advisor in the Equity Services Department for assistance.

For Pregnancy:

Pregnant students requiring academic accommodations are encouraged to contact an Equity Advisor in Equity Services to complete a letter of accommodation. The student must then make an appointment to discuss her needs with the instructor at least two weeks prior to the first academic event in which it is anticipated the accommodation will be required.

Academic Integrity

Violations of academic integrity are a serious academic offence. Violations of academic integrity – presenting another's ideas, arguments, words or images as your own, using unauthorized material, misrepresentation, fabricating or misrepresenting research data, unauthorized co-operation or collaboration or completing work for another student – weaken the quality of the degree and will not be tolerated. Penalties may include; a grade of Failure on the submitted work and/or course; academic probation; a refusal of permission to continue or to register in a specific degree program; suspension from full-

time studies; suspension from all studies at Carleton; expulsion from Carleton, amongst others. Students are expected to familiarize themselves with and follow the Carleton University Student Academic Integrity Policy which is available, along with resources for compliance at: <https://carleton.ca/registrar/academic-integrity/>

Sprott Student Services

The Sprott student services office, located in 710 Dunton Tower, offers academic advising, study skills advising, and overall academic success support. If you are having a difficult time with this course or others, or just need some guidance on how to successfully complete your Sprott degree, please drop in any weekday between 8:30am and 4:30pm. Our advisors are happy to discuss grades, course selection, tutoring, concentrations, and will ensure that you get connected with the resources you need to succeed! <http://sprott.carleton.ca/students/undergraduate/learning-support/>

Centre for Student Academic Support

The Centre for Student Academic Support (CSAS) is a centralized collection of learning support services designed to help students achieve their goals and improve their learning both inside and outside the classroom. CSAS offers academic assistance with course content, academic writing and skills development. Visit CSAS on the 4th floor of MacOdrum Library or online at: carleton.ca/csas.

Important Information:

- Students must always retain a hard copy of all work that is submitted.
