Pre-requisites & precluded Courses:
BUSI 3008 with a grade of C- or higher.

Course Calendar description from the 2016/2017 University calendar:

Builds on concepts covered in management and cost accounting courses. Integrates relevant issues from other functional areas: strategic uses of cost management, budgeting, and performance evaluation systems in managerial planning and control.

Course Description:

This course focuses on managerial planning and control systems using the case method. It extends the concepts covered in the intermediate management accounting course and also integrates relevant contextual issues from other functional areas of organizations. The design of budgeting, cost management, performance measurement, performance evaluation, and reward systems, as well as, governance and ethical issues, are examined. Emphasis is placed on the need for different control techniques and systems in different types of organizations and for balanced integrated systems, comprising both financial and nonfinancial controls and measures.
Course Learning Objectives:

1. Understand advanced management control concepts, techniques, and practices applicable to private, non-profit, and public organizations.
2. Identify management control problems related to cost management, budgeting, performance measurement, performance evaluation, and reward systems, as well as governance and ethics, in private, non-profit, and public organizations.
3. Identify and apply appropriate management control techniques to remedy management control problems in private, non-profit, and public organizations.
4. Analyze and evaluate an organization’s management control systems and practices, considering relevant organizational and environmental factors.
5. Based on analyses conducted, recommend appropriate managerial actions and improvements to management control systems.
6. Write well researched and justified professional reports.
7. Present the results and arguments in an effective manner and defend recommended courses of actions.

Textbook/Readings:

Additional required readings may be posted on cuLearn.

CuLearn:
Since this is an online course, the continual and frequent use of cuLearn is a must. All course material and resources (excluding the textbook), communication, assignment submission and collaboration will be done through cuLearn. It is important that you log on to cuLearn right away and start to be comfortable with using it.

To access your courses on cuLearn go to http://carleton.ca/culearn.

For help and support, go to http://carleton.ca/culearn/students. Any unresolved questions can be directed to Computing and Communication Services (CCS) by phone at 613-520-3700 or via email at ccs_service_desk@carleton.ca.
Course Requirements, Methods of Evaluation & Grading Scheme:

This course encompasses assigned readings and summary sheets, case analyses, group case discussions, a group term project and a final exam. Students are expected to read the assigned chapter(s), to discuss the assigned cases in groups, and to prepare written analyses.

The primary role of the instructor in this course is to facilitate student learning by helping students understand and apply key concepts. It should be emphasized that diligent independent preparation of cases and active participation in group case analysis are crucial to the development of effective problem solving skills in this field and to perform well in the course.

Grading Scheme (details of each element are provided below):

| Course Content Summary Sheets (individual work) | 10% |
| 5 Case Analysis Submissions (combined individual and group work) | 15% |
| Group Term Project Part 1 | 15% |
| Group Term Project Part 2 | 15% |
| Final Exam | 45% |
| TOTAL | 100% |

Course Content Summary Sheets:

There are 5 summary sheet in total. These summary sheets are to help you stay on top of your work and update with all of the course material. They are also to help you with your studying for the final exam. The Final exam is cumulative and therefore will cover a lot of material and having these summary sheets will help you in the end.

Each summary sheet must be between 1 – 3 pages, highlighting key information from the corresponding section of work. **Content coverage for each summary sheet will be posted on cuLearn.** Each summary sheet submission will be worth 2% of your final grade. You will automatically get 1/2 just for submitting it and then depending on the quality of the submission you could get 2/2. The purpose of this element of evaluation is solely to help you stay caught up with the chapter reading and videos and to help you study for the final exam.

Summary Sheet Due Dates are listed below. **Late submissions will not be accepted therefore please make sure to make note of the due dates.** You can submit these sheets any time before the due date and time. Please plan ahead to make sure to not miss any of these submissions.

**Summary Sheet Due Dates (same due date as the Case Analysis):**

#1 Due Sunday May 7 by 11:55pm
#2 Due Sunday May 14 by 11:55pm
#3 Due Sunday May 21 by 11:55pm
#4 Due Sunday June 4 by 11:55pm
#5 Due Sunday June 11 by 11:55pm
Case Analysis Submissions:

Case Analysis submissions should be 3-5 pages in length, double-spaced, excluding major tables, exhibits, appendices, and preliminary matter, and be professional in style and format. They should follow the format of the case analysis framework that is posted on cuLearn. They should provide well justified recommendations to address the stated or other evident problems in the case. For good reports, some additional research beyond the case facts, e.g., related to industry, competition, products, etc., is expected.

This is an individual submission. Your final case analysis submission should come from: first you’re your own individual case analysis work with additions from your group discussion and continued case analysis, as explained below.

For each case you should do the following:

1) Watch the case intro video posted on cuLearn.
2) Perform your own individual case analysis (following the case analysis framework).
3) Watch the case analysis starter video.
4) Discuss the case with your group and make modifications, additons and finalize your own case analysis work.
5) Individually, submit your final case analysis BEFORE the due date.

Case Analysis Due Dates are listed below. Late submissions will not be accepted therefore please make sure to make note of the due dates. You can submit these any time before the due date and time. Please plan ahead to make sure to not miss any of these submissions.

There are 2 cases per week; you will be expected to submit one of these cases. The case that is required to be submitted will be posted on cuLearn.

Case Analysis Submission Due Dates (same due date as the summary sheets):

#1 Due Sunday May 7 by 11:55pm
#2 Due Sunday May 14 by 11:55pm
#3 Due Sunday May 21 by 11:55pm
#4 Due Sunday June 4 by 11:55pm
#5 Due Sunday June 11 by 11:55pm

Group Term Project Part 1 and 2:

Details will be posted on cuLearn. Part 1 will be worked on with your group during the fourth week of the course (week starting May 21st). The due date for Part 1 is Sunday May 28th. The due date for Part 2 is the last day of classes, which is June 13th.
Final Exam:

The final exam will include a case that is comprehensive, requiring a significant degree of application and integration of the material covered in the entire course. The final examination will be held in the regular examination period (June 19-25). The duration of the exam will be 3 hours. The final examination will cover the whole course. You need to obtain a minimum grade of 45% on the final exam to pass this course.

If you are planning on writing the final exam off campus, you must make these arrangements with the CUOL office (http://carleton.ca/cuol/) early in the term. If you miss the deadline to apply for on off campus exam, you will be required to write your exam on campus. Please see the document “Distance Information Sheet” that is posted on cuLearn for more information. If you have any questions at all about CUOL please use the following contact information:

General CUOL Information – cuol@carleton.ca
CUOL Exams – cuolexams@carleton.ca
Video on Demand Support – vod@carleton.ca

Important Note:

No make-up assignments are available for any term work missed for any reason. Providing that a student has demonstrated satisfactory in-term performance, as described below, the weight of a major component missed for documented medical reasons may be transferred to the final examination.

The criteria and standards for satisfactory in-term performance for this course are as follow:

(a) Completion of at least 50% of all term work, and
(b) Achievement of the minimum average grade of 50% on all term work.

Unsatisfactory in-term performance in this course, described above in (a) and (b), will lead to:

(a) Failure in this course (regardless of performance on the final exam or project)
(b) FND grade in this course (in case of missed final exam or project)

Each group member must complete and hand in a confidential peer evaluation (form available on cuLearn) for each member of his/her group, covering all group work. Unless specifically otherwise documented, the assumption is that each student has contributed equally to all group work in this course (including the case analysis and final project). In cases of significantly different evaluations for a group member, the professor may contact the group members for additional information or request a meeting with all group members in order to ensure a fair allocation of group marks. Each group member must also sign a declaration of academic integrity (form available on cuLearn) and attach a copy to each report handed in for grading. Please keep a hard copy of all your submitted work for your records.

Required calculator in BUSI course examinations
If you are purchasing a calculator, we recommend any one of the following options: Texas Instruments BA II Plus (including Pro Model), Hewlett Packard HP 12C (including Platinum model), Staples Financial Calculator, Sharp EL-738C & Hewlett Packard HP 10bII

Group work
The Sprott School of Business encourages group assignments in the school for several reasons. They provide you with opportunities to develop and enhance interpersonal, communication, leadership, follower-ship and other group skills. Group assignments are also good for learning integrative skills for putting together a complex task. Your professor may assign one or more group tasks/assignments/projects in this course. Before embarking on a specific problem as a group, it is your responsibility to ensure that the problem is meant to be a group assignment and not an individual one.

In accordance with the Carleton University Undergraduate Calendar (p 34), the letter grades assigned in this course will have the following percentage equivalents:

- A+ = 90-100
- B+ = 77-79
- C+ = 67-69
- D+ = 57-59
- A = 85-89
- B = 73-76
- C = 63-66
- D = 53-56
- A- = 80-84
- B- = 70-72
- C- = 60-62
- D- = 50-52
- F = Below 50
- WDN = Withdrawn from the course
- ABS = Student absent from final exam
- DEF = Deferred (See above)
- FND = (Failed, no Deferred) = Student could not pass the course even with 100% on final exam

Academic Regulations, Accommodations, Etc.
University rules regarding registration, withdrawal, appealing marks, and most anything else you might need to know can be found on the university’s website, here:
http://calendar.carleton.ca/undergrad/regulations/academicregulationsoftheuniversity/
Requests for Academic Accommodations

For Students with Disabilities:

The Paul Menton Centre for Students with Disabilities (PMC) provides services to students with Learning Disabilities (LD), psychiatric/mental health disabilities, Attention Deficit Hyperactivity Disorder (ADHD), Autism Spectrum Disorders (ASD), chronic medical conditions, and impairments in mobility, hearing, and vision. If you have a disability requiring academic accommodations in this course, please contact PMC at 613-520-6608 or pmc@carleton.ca for a formal evaluation. If you are already registered with the PMC, contact your PMC coordinator to send me your Letter of Accommodation at the beginning of the term, and no later than two weeks before the first in-class scheduled test or exam requiring accommodation (if applicable). Requests made within two weeks will be reviewed on a case-by-case basis. After requesting accommodation from PMC, meet with me to ensure accommodation arrangements are made. Please consult the PMC website (www.carleton.ca/pmc) for the deadline to request accommodations for the formally-scheduled exam (if applicable).

For Religious Obligations:

Students requesting academic accommodation on the basis of religious obligation should make a formal, written request to their instructors for alternate dates and/or means of satisfying academic requirements. Such requests should be made during the first two weeks of class, or as soon as possible after the need for accommodation is known to exist, but no later than two weeks before the compulsory event.

Accommodation is to be worked out directly and on an individual basis between the student and the instructor(s) involved. Instructors will make accommodations in a way that avoids academic disadvantage to the student.

Students and instructors can confirm accommodation eligibility of a religious event or practice by referring to the Equity Services website (http://carleton.ca/equity/accommodation/religious-observances/) for a list of holy days and Carleton's Academic Accommodation policies. If there are any questions on the part of the student or instructor, they can be directed to an Equity Services Advisor in the Equity Services Department for assistance.

For Pregnancy:

Pregnant students requiring academic accommodations are encouraged to contact an Equity Advisor in Equity Services to complete a letter of accommodation. The student must then make an appointment to discuss her needs with the instructor at least two weeks prior to the first academic event in which it is anticipated the accommodation will be required.
Academic Integrity
Violations of academic integrity are a serious academic offence. Violations of academic integrity – presenting another’s ideas, arguments, words or images as your own, using unauthorized material, misrepresentation, fabricating or misrepresenting research data, unauthorized co-operation or collaboration or completing work for another student – weaken the quality of the degree and will not be tolerated. Penalties may include; a grade of Failure in the submitted work and/or course; academic probation; a refusal of permission to continue or to register in a specific degree program; suspension from full-time studies; suspension from all studies at Carleton; expulsion from Carleton, amongst others. Students are expected to familiarize themselves with and follow the Carleton University Student Academic Integrity Policy which is available, along with resources for compliance at: http://carleton.ca/studentaffairs/academic-integrity.

Sprott Student Services
The Sprott student services office, located in 710 Dunton Tower, offers academic advising, study skills advising, and overall academic success support. If you’re having a difficult time with this course or others, or just need some guidance on how to successfully complete your Sprott degree, please drop in any weekday between 8:30am and 4:30pm. Our advisors are happy to discuss grades, course selection, tutoring, concentrations, and will ensure that you get connected with the resources you need to succeed! http://sprott.carleton.ca/students/undergraduate/learning-support/
