SUPPLEMENTARY READINGS

In addition to the textbook chapters you will also have readings from scholarly journals for some weeks. You will be able to link to and download these articles through the course cuLearn site. I may also assign readings from magazines and newspapers to supplement the textbook and classroom discussion. These readings will either be handed out in class or a link will be posted on the cuLearn site. In addition, you are encouraged to recommend materials you have read to the professor to enhance our class discussion.

COURSE NORMS

Use of cuLearn

The course website runs under the cuLearn course management system and contains all the pertinent course information. This site will be the primary source for course announcements and distribution of materials including assignments, supplemental readings, etc. Grades will be posted to cuLearn as soon as they become available. In line with Sprott policy, it is your responsibility to check your grades by clicking on 'Grades.' In case of class cancellation due to inclement weather, an announcement will be posted on cuLearn as soon as possible.

Email Policy

In keeping with Carleton University policy, your @email accounts must be used for any enquiries which involve confidential student information (e.g., about grades or health issues). Please be aware that I do not always respond to student emails over the weekend. During the week I will endeavor to answer your emails within 48 hours; you should not expect an immediate response. I will also not answer by email questions that have already been asked and answered in class. Please use the cuLearn course discussion group to ascertain whether your classmates can assist you.

Cellular Phone Usage

The use of cellular phones is not permitted in this class. It is disruptive to the professor and other class members. If you carry a phone to class, please make sure it is turned off. If your cell phone rings during class, you will be asked to leave the class and not return that day. If an emergency situation requires you to keep your cell phone turned on, please discuss this with the instructor prior to the class. Please refrain from texting during class. I have no intention of answering questions you may have on material you missed while texting.

EVALUATION CRITERIA

A variety of evaluation methods will be used over the course to allow you to demonstrate your mastery of the material. These methods include:

Fall Semester Exam

An examination encompassing material covered during the fall semester (Chapters 1-9 and 12) will be held during the formal examination period. This exam will most likely adopt a multiple choice format. Additional discussion of the exam will occur in class.

Individual Consumption Journal

During the fall semester you will create a personal consumption journal using **blogging software** and relate your own consumption episodes to the theory you have been learning in class. The software will be demonstrated in class and additional information regarding minimum requirements for the assignment will be posted on cuLearn. The assignment will be due at the beginning of the first class in Winter semester, allowing you to include your consumption experiences during the December break.

Consumer Research Video, Trailer and Paper

Working as a part of a group you will select a consumer behaviour topic to research in further detail. A list of related readings will be posted on cuLearn to help you get started along with an outline of the minimum requirements for the term paper. You will also produce a short video as a way of presenting your research results to your classmates along with a 'trailer' to help create 'buzz' for your video. Videos will be shown in class and collectively graded. We will discuss this project further in class and examples of student-produced videos will be shown during lectures.

Winter Semester Take Home Exam

A take home exam will round out the evaluation methods used. Further discussion will occur in class but at this point I anticipate that you will have a choice of essay/practical questions to answer.

INABILITY TO COMPLETE AN ASSIGNMENT OR WRITE THE MIDTERM EXAM DUE TO ILLNESS

Because the midterm exam will occur during the formal examination period, students who are not able to write the midterm exam due to a certified illness will have to deal with the registrar's office. The fall term deferred examination period is February 13-21, 2015. I have no control over when you will be asked to rewrite, I only provide a copy of the exam.

If you are not able to submit the consumption journal or take home exam by the deadline, you need to contact me and make alternate arrangements. I will ask you to provide documentation to support your request.

The situation of students who cannot contribute to the group project due to certified illness will be dealt with according to the provisions of your Group Contract. Please be sure that you contribute to and are aware of the provisions outlined in your group's contract.

Please note that in this course for all occasions that call for a medical certificate you must use or furnish the information demanded in: http://www1.carleton.ca/registrar/ccms/wp-content/ccms-files/med_cert.pdf **Please ensure that your medical practitioner includes a date by which s/he expects you to be able to return to your studies along with an estimate of the extent of time during which you were unable to attend to your studies.**

Group work

The Sprott School of Business encourages group assignments in the school for several reasons. They provide you with opportunities to develop and enhance interpersonal, communication, leadership, follower-ship and other group skills. Group assignments are also good for learning integrative skills for putting together a complex task. Your professor may assign one or more group tasks/assignments/projects in this course. Before embarking on a specific problem as a group, it is your responsibility to ensure that the problem is meant to be a group assignment and not an individual one.

In accordance with the Carleton University Undergraduate Calendar (p 34), the letter grades assigned in this course will have the following percentage equivalents:

A+ = 90-100	B+ = 77-79	C+ = 67-69	D+ = 57-59

Requests for Academic Accommodations

For Students with Disabilities:

The Paul Menton Centre for Students with Disabilities (PMC) provides services to students with Learning Disabilities (LD), psychiatric/mental health disabilities, Attention Deficit Hyperactivity Disorder (ADHD), Autism Spectrum Disorders (ASD), chronic medical conditions, and impairments in mobility, hearing, and vision. If you have a disability requiring academic accommodations in this course, please contact PMC at 613-520-6608 or pmc@carleton.ca for a formal evaluation. If you are already registered with the PMC, contact your PMC coordinator to send me your **Letter of Accommodation** at the beginning of the term, and no later than two weeks before the first in-class scheduled test or exam requiring accommodation (*if applicable*). After requesting accommodation from PMC, meet with me to ensure accommodation arrangements are made. Please consult the PMC website for the deadline to request accommodations for the formally-scheduled exam (*if applicable*).

For Religious Obligations:

Students requesting academic accommodation on the basis of religious obligation should make a formal, written request to their instructors for alternate dates and/or means of satisfying academic requirements. Such requests should be made during the first two weeks of class, or as soon as possible after the need for accommodation is known to exist, but no later than two weeks before the compulsory event.

Accommodation is to be worked out directly and on an individual basis between the student and the instructor(s) involved. Instructors will make accommodations in a way that avoids academic disadvantage to the student.

Students or instructors who have questions or want to confirm accommodation eligibility of a religious event or practice may refer to the Equity Services website for a list of holy days and Carleton's Academic Accommodation policies, or may contact an Equity Services Advisor in the Equity Services Department for assistance.

For Pregnancy:

Pregnant students requiring academic accommodations are encouraged to contact an Equity Advisor in Equity Services to complete a letter of accommodation. The student must then make an appointment to discuss her needs with the instructor at least two weeks prior to the first academic event in which it is anticipated the accommodation will be required.

Academic Integrity

Violations of academic integrity are a serious academic offence. Violations of academic integrity – presenting another's ideas, arguments, words or images as your own, using unauthorized material, misrepresentation, fabricating or misrepresenting research data, unauthorized co-operation or collaboration or completing work for another student – weaken the quality of the degree and will not be tolerated. Penalties may include expulsion; suspension from all studies at Carleton; suspension from full-time studies; a refusal of permission to continue or to register in a specific degree program; academic probation; and a grade of Failure in the course, amongst others. Students are expected to familiarize themselves with and follow the Carleton University Student Academic Integrity Policy which is available, along with resources for compliance at <http://www2.carleton.ca/sasc/advisingcentre/academic-integrity/>.
