COURSE NORMS

Use of cuLearn
The course website runs under the cuLearn course management system and contains all the
pertinent course information. This site will be the primary source for course announcements and
distribution of materials including assignments, supplemental readings, etc. Grades will be
posted to cuLearn as soon as they become available. In line with Sprott policy, it is your
responsibility to check your grades by clicking on ‘Grades.’ In case of class cancellation due to
inclement weather, an announcement will be posted on cuLearn as soon as possible.

Email Policy
In keeping with Carleton University policy, your @cmail accounts must be used for any
enquiries which involve confidential student information (e.g., about grades or health issues).
Please be aware that I respond to email between the hours of 8:30 a.m. and 5 p.m., Monday to
Friday. I will endeavor to answer your emails within 48 hours; you should not expect an
immediate response. I will not answer by email questions that have already been asked and
answered in class. Please use the cuLearn course discussion group to ascertain whether your
classmates can assist you.

Cellular Phone Usage
Please make sure that your phone is turned off during class. If your phone rings during class, you
will be asked to leave the class and not return that day. If I catch you texting during class, you
will be asked to leave and not return that day. During class time your attention should be focused
on class activities. If an emergency situation requires you to keep your cell phone turned on,
please discuss this with me prior to the class. Under no circumstances may you use your
phone to record lectures or lecture slides or to take photos/video during the class.

Intellectual Property Rights
Student or professor materials created for this course (including presentations and posted notes,
labs, case studies, assignments and exams) remain the intellectual property of the author(s). They
are intended for personal use and may not be reproduced or redistributed without prior written
consent of the author(s). I claim my intellectual property rights over all materials I have
prepared for this course. I do not grant permission to anyone to share these materials in
digital or hard copy via course note sharing websites or in person.
EVALUATION CRITERIA
A variety of evaluation methods will be used over the course to allow you to demonstrate your mastery of the material. These methods include:

Photo Essay (Individual Assignment)
Your task for this assignment is to create a digital photo essay on the theme of consumption and happiness. For many of you, this assignment will build on what you learned in BUSI 3209 about happiness as a strategic ingredient in marketing plans. Over the course of the semester we will discuss the role of storytelling in marketing along with various perspectives on happiness found in the research literature. We will also participate in a workshop designed to help you develop your photography and editing skills on January 30th. See cuLearn for a more complete description of the assignment and a grading rubric.

Happiness Projects (Individual Assignment)
Pick two of the six projects listed on cuLearn. Complete the tasks and write up your results. You should complete both projects and upload your reports through cuLearn before March 20th.

International Day of Happiness Workshop Poster Assignment (Individual Assignment)
The United Nations International Day of Happiness is March 20th. On that day we will create personal happiness ‘dream maps’ in class. Once you have your dream map created, follow the instructions posted on cuLearn for completing the assignment.

Class Discussion Leadership (Pairs Assignment)
Working with a partner, you will be responsible for reviewing one of the required readings and leading the class discussion. A detailed description is available on the course cuLearn site. Readings/topics will be assigned during the first class.

Consumer Behaviour Research Project (Group Assignment)
Working as a part of a group of 4 to 5 students, you will select a consumer behaviour topic to research in further detail. I anticipate that you may need to collect data for this project, thus the required research ethics forms will be made available on cuLearn, along with a description of the minimum requirements for the final research paper. On one of the final weeks in the course, we will have a poster session, where you can display and discuss the results of your research with your classmates.

Group assignments are also good for learning integrative skills for putting together a complex task. Your professor may assign one or more group tasks/assignments/projects in this course. Before embarking on a specific problem as a group, it is your responsibility to ensure that the problem is meant to be a group assignment and not an individual one.

Requests for Academic Accommodations

For Students with Disabilities:
The Paul Menton Centre for Students with Disabilities (PMC) provides services to students with Learning Disabilities (LD), psychiatric/mental health disabilities, Attention Deficit Hyperactivity Disorder (ADHD), Autism Spectrum Disorders (ASD), chronic medical conditions, and impairments in mobility, hearing, and vision. If you have a disability requiring academic accommodations in this course, please contact PMC at 613-520-6608 or pmc@carleton.ca for a formal evaluation. If you are already registered with the PMC, contact your PMC coordinator to send me your Letter of Accommodation at the beginning of the term, and no later than two
weeks before the first in-class scheduled test or exam requiring accommodation (*if applicable*). **Requests made within two weeks will be reviewed on a case-by-case basis.** After requesting accommodation from PMC, meet with me to ensure accommodation arrangements are made. Please consult the PMC website ([www.carleton.ca/pmc](http://www.carleton.ca/pmc)) for the deadline to request accommodations for the formally-scheduled exam (*if applicable*).

The deadlines for contacting the Paul Menton Centre regarding accommodation for final exams for the December 2017 is November 10th, 2017.

**For Religious Obligations:**
Students requesting academic accommodation on the basis of religious obligation should make a formal, written request to their instructors for alternate dates and/or means of satisfying academic requirements. Such requests should be made during the first two weeks of class, or as soon as possible after the need for accommodation is known to exist, but no later than two weeks before the compulsory event.

Accommodation is to be worked out directly and on an individual basis between the student and the instructor(s) involved. Instructors will make accommodations in a way that avoids academic disadvantage to the student.

Students or instructors who have questions or want to confirm accommodation eligibility of a religious event or practice may refer to the Equity Services website for a list of holy days and Carleton's Academic Accommodation policies, or may contact an Equity Services Advisor in the Equity Services Department for assistance.

**For Pregnancy:**
Pregnant students requiring academic accommodations are encouraged to contact an Equity Advisor in Equity Services to complete a letter of accommodation. The student must then make an appointment to discuss her needs with the instructor at least two weeks prior to the first academic event in which it is anticipated the accommodation will be required.

**Academic Integrity**
Violations of academic integrity are a serious academic offence. Violations of academic integrity – presenting another’s ideas, arguments, words or images as your own, using unauthorized material, misrepresentation, fabricating or misrepresenting research data, unauthorized co-operation or collaboration or completing work for another student – weaken the quality of the degree and will not be tolerated. Penalties may include; a grade of Failure on the submitted work and/or course; academic probation; a refusal of permission to continue or to register in a specific degree program; suspension from full-time studies; suspension from all studies at Carleton; expulsion from Carleton, amongst others. Students are expected to familiarize themselves with and follow the Carleton University Student Academic Integrity Policy which is available, along with resources for compliance at: [https://carleton.ca/registrar/academic-integrity/](https://carleton.ca/registrar/academic-integrity/)

**Sprott Student Services**
The Sprott student services office, located in 710 Dunton Tower, offers academic advising, study skills advising, and overall academic success support. If you are having a difficult time with this
course or others, or just need some guidance on how to successfully complete your Sprott degree, please drop in any weekday between 8:30am and 4:30pm. Our advisors are happy to discuss grades, course selection, tutoring, concentrations, and will ensure that you get connected with the resources you need to succeed! CSAS offers academic assistance with course content, academic writing and skills development. Visit CSAS on the 4th floor of MacOdrum Library or online at: carleton.ca/csas.

**Important Information:**
- Students must always retain a hard copy of all work that is submitted.
- All final grades are subject to the Dean’s approval.
- Please note that you will be able to link your CONNECT (MyCarleton) account to other non-CONNECT accounts and receive emails from us.
