Please note that tests and examinations in this course will use a remote proctoring service provided by Scheduling and Examination Services. The software “Big Blue Button” will be used to proctor the exam. You can find more information at <https://carleton.ca/ses/e-proctoring>.

IN-CLASS EXERCISE

There will be one in-class exercise on developing purchasing policy.

SUPPLY CHAIN NEGOTIATION GAME

The supply chain negotiation game is a role-playing game where the retailer and wholesaler roles are assigned to student groups. The groups negotiate supply contracts in a number of rounds during a class period. Each group makes pricing, inventory, and ordering decision concurrently, and competes with others to achieve the highest profit.

THE CASE METHOD

Teams will be assigned at the beginning of the semester and these teams will remain throughout the semester. Each team will be responsible for presenting assigned cases to the class. **The presentation should be recorded as a video and posted online. Group should email the instructor the linkage of the video presentation one day before the class meeting time. The instructor will post the linkage on the Culearn.**

Case write-up

To prepare for the case presentations, the team needs to become the "expert" on your assigned case study. As a group, you should prepare a case write-up. The expected length of the write-up is 5-10 pages (in addition to any exhibits). It should be single-spaced, with normal margins and *Times New Roman 12 font*. The cover page should include the names of team members, name of the case, date, and title of the case. While the format of the write-up may vary depending on the nature of the cases, it normally includes (1) A statement of core problems or issues of the case; (2) Analysis of key challenges facing the focal company. And (3) Your recommendation as to which actions should be taken.

To assist the team to write the write-up, the instructor offers several assignment questions for each case. **The team needs to answer these questions in the case write-up.**

The team may book an appointment with the instructor before the case presentation. The instructor will help the team to verify their ideas and answer any questions that may arise when the team prepare for the case presentation.

The team needs to upload a draft of case write-up to Google drive, under the folder “case write-up”, two days before your presentation (for example, if the presentation date is on Tuesday, you need to submit the draft on Sunday). The file needs to be a Word document (docx). Do not submit your file in pdf format.

After the case presentation, the instructor will meet with the team to discuss how to improve the

write-up. **The final version of case write-up is due one week after the presentation.**

You will be evaluated based on the quality of your initial submission, as well as the improvement you make after receiving comment from the instructor (40%/60%).

Examples of case write-ups could be found on Culearn.

You may also want to refer to the book “The case study handbook: how to read, discuss, and write persuasively about cases” (Author William Ellet). The book is available at library at Floor 2 as Circulation Desk Reserve, with call number [HD30.4 .E435 2007](#). The chapter 10-12 of the book are especially helpful for preparing the case write-up.

According to Professor Doug Allen at University of Denver¹, some common shortcomings in write-ups include:

1. Restating the facts or copying the case material verbatim.
2. A wandering discussion that lacks direction. The use of headings often helps provide structure to your argument. Be specific as to issue, alternatives, and recommendations.
3. Failure to make a decision when the case calls for one. Choose a position and build an argument for it, even if you can see that another position also has merit.
4. Poor spelling, grammar or incomprehensible writing. The effectiveness of your communication can, in this class and in the business world, make an important difference in selling your ideas.

The case write-up will be evaluated based on the following criteria:

Clear explanation of key problems facing the firm	20%
Appropriate analysis for assignment questions	35%
Appropriate conclusion and recommendations	25%
Writing (Proper organization, professional writing, and logical flow of analysis)	20%

Case presentation

Your team needs to prepare a powerpoint file to be presented to the class. Specifically, your team needs to explain the case to the class, assuming the class is "top managers" and you are middle managers that reporting the current situation to them. The presentation should includes

1. Summary of the backgrounds and key facts of the company

¹ www.daniels.du.edu/degrees/syllabi/MGMT4240.doc

2. The key points of your case write-up

The presentation should be around 20-30 minutes. The presentation will be evaluated based on the following criteria:

Visual design of the sliders	10%
Quality of ideas/solutions	25%
Appropriate organization of information on sliders	15%
Appropriate organization of verbal presentation	15%
Speaking style/delivery	20%
Appropriate response to comments	15%

Case comments

For each presentation, a non-presenting teams will be designated as the Challenger. The Challenger team should provide a comment on the presentation. The comment may challenge the presenting team's analysis or recommendation, demand additional explanation from the team, or offer recommendation. The comment could be made either in form of a short video or a list of written questions. The comment needs to be emailed to the instructor in two days after the class meeting date.

Each of the remaining teams is also required to submit two questions related to the presentation. The questions need to be submitted through Google drive in two days after the class meeting date. The instructor will select several questions from those submitted, and combined them with the questions from the Challenger group. Next, the instructor will email the presenting team the questions. Presenting team has two days to respond to those questions, either in forms of video or in forms of written responses.

There is no additional mark for the remaining teams' questions. However, the team will lose 10% of its group presentation mark if it does not submit the questions each time.

Case comments will be evaluated based on the relevance and importance of the issue raised, and/or quality of recommendation.

PARTICIPATION BONUS

For this course, the participation is conducted by using Socrative App. Students may download the app to their smartphones, or use the app's web site (<http://www.socrative.com/>). A detailed instruction of using Socrative could be found on the Culearn. Please let the instructor know if you do not have either a smartphone or a laptop.

The instructor assigns bonus points to the participation. For each multiple choice question that posted on Socrative each week, the students who submit **right** answer through socrative will receive 1 bonus point.

1 bonus point is equivalent to 0.25% of the course evaluation items of your personal performance (attendance and take home essay exam). You can use the bonus points to add a Maximum of 10% to course evaluation items of your personal performance.

PEER REVIEW FOR TEAMWORK

We will conduct peer reviews for purchasing policy exercise and case study. Each individual will evaluate his or her teammates based on the following criteria: 5=Very substantial contribution; 4=Substantial contribution; 3=Average contribution; 2=Little contribution; 1=No contribution at all.

Any individual who receive an average peer review score less than 2.5 will see his/her score on the teamwork reduced by 20%. (If a team consists of only two individuals, the person who gives the other a score less than 3 may be requested to provide evidence).

Please keep evidence of your contribution (e.g., Original file of your input) to the teamwork. The instructor reserves the right to further reduce an individual's teamwork score if his or her teammates present strong evidence of free riding.

INDIVIDUAL CASE STUDY

There will be one case (Navistar: supply management, case number: 9A98C020) assigned to the class for students to analyze it individually. Each student needs to independently write a case report for this case to address the assigned discussion questions. The requirements for this case report are the same as those for the group case write-up.

MAKE-UP TEST/EXERCISE/CASE DISCUSSION

Make-up test (without penalty to the grade) will be allowed only if you cannot attend a class and provide the instructor with a university-sanctioned excuse for your absence.

For class exercise and case presentation, the student needs to provide the instructor with a university-sanctioned excuse for your absence *before the class*. The weights of the marks will be transferred to other evaluation items. Failure to notify the instructor before the class will result in the loss of the participation mark.
