Calendar Description:
An in-depth exploration of selected topics in financial accounting, assurance and taxation.

Course Description:
This course builds upon and integrates knowledge previously gained in financial reporting, audit / assurance and taxation in an undergraduate program. It dives deeper into technical and complex issues, helps develop professional judgement, and focuses on the ability to integrate the various competencies together. It hones the skills required to be a professional accountant.
Course Objectives:

1. Develop an in-depth understanding of advanced accounting topics under IFRS, APSE and accounting for Not-for-Profit Organizations.
2. Develop an in-depth understanding of audit engagement planning including risk assessment and materiality, and an in-depth understanding of review and compilation engagements.
3. Develop an in-depth understanding of selected taxation issues for individuals and corporations.

Prerequisites

There are no prerequisites to this course. By virtue of being admitted to the MAcc program, you have demonstrated coverage of the entry requirements to the program.

Deferred Final Examination

Students unable to write a final examination because of illness or other circumstances beyond their control must contact the instructor and the MAcc office in writing to request a deferred exam. Permission may be granted when the absence is supported by a medical certificate and or appropriate document/s to support the reason for the deferral.

Drop Course Policy

The deadline for academic withdrawal is the last day of classes (each term).

Course Requirements & Methods of Evaluation:

- Participation and engagement: 15%
- Assignments: 25%
- Mid-Term Exam (Assurance and Taxation): 20%
- Final Exam (Financial Reporting): 40%

100%

In order to pass this course, you must obtain a grade of greater than 50% in each of the Assurance, Taxation and Financial Reporting components of the final exam. If you obtain less than 50% in any of the three main areas, your maximum grade in the course will be a C.

The grading scale used to calculate your final grade will be the one listed in the Carleton University Graduate Calendar:

- A+: 90 – 100
- B+: 77 – 79
- C+: 67 – 69
- D+: 57 – 59
- A: 85 – 89
- B: 73 – 76
- C: 63 – 65
- D: 53 – 56
- A-: 80 – 84
- B-: 70 – 72
- C-: 60 – 62
- D-: 50 – 52
Participation and engagement

The participation and engagement component of the course will be assessed separately for the Financial Reporting, Assurance and Taxation Components.

The Financial Reporting component (15% x 8/12 = 10%) will be assessed as follows:
- 1/3 will be for simply attending class
- 1/3 for in-class Securexam submissions of accounting issue
- 1/3 for Securexam submissions of your case preparations. We will be doing 2 cases that will require advance preparation on your part. You will have the option of submitting your case analysis for each of these cases.

The Taxation component (15% x 2/12) = 2.5%) will be assessed as follows:
- 1/3 will be for simply attending class,
- 1/3 will be for taxation quiz submission, and
- 1/3 will be for case preparations. We will be doing 2 cases. A short quiz at the beginning of the second Taxation class (Tax 2) will assess your preparation.
  The preparation and quizzes will be marked mostly on an effort basis.

The Assurance component (15% x 2/12) = 2.5%) will be assessed as follows:
- 1/3 will be for simply attending class,
- 2/3 will be participation in the case and assignment discussions in class

Assignments

Assignments are to be completed individually. All assignments will be counted towards the final grade. More information for the content of the assignments will be provided in cuLearn as the course progresses. The financial reporting assignments will be worth 2/3 of your assignment grade whereas the assurance and taxation assignments will be worth 1/6 of your assignment grade respectively.

Final Exam

The final exam will be split into two parts: (1) assurance and tax on Wednesday October 4 from 18:00 – 19:20 (80 minutes) and (2) financial reporting on Saturday December 16 from 10:00 – 12:40 (160 minutes). Only non-programmable calculators (without alpha storage capabilities) will be permitted for use during examinations. Translation dictionaries are allowed as long as they are in print format and do not contain any handwritten notes. Electronic translation dictionaries are not allowed. The format of the final exam will consist of problems and short case studies. The final exam must be written using Securexam. Any paper submissions will not be marked.
Development of Enabling Competencies
