They are intended for personal use and may not be reproduced or redistributed without prior written consent of the author(s).

EVALUATION CRITERIA

To accomplish the course objectives several learning methods are utilized. You are strongly encouraged to participate in class discussions, which are the best vehicle to fully express your ideas and to let others benefit from them. Short cases or other exercises may also be integrated into the course lectures and discussions. A comprehensive project will give you the opportunity to probe and report on a marketing situation that is of particular interest to you (and your group members) and to present and defend your ideas in a public forum during the project presentations. An in-class midterm exam and a final examination will help you consolidate the knowledge acquired throughout the course. The evaluation criteria are summarized as follows:

1. Class Participation (Individual)	5%
2. Case Analysis (Individual)	15%
3. Marketing Plan Project (Group)	30%
Written Report	25%
Presentation	5%
4. Midterm Exam	20%
5. Final Exam	30%
TOTAL	100%

***NOTE: To pass this course, students must achieve**
(i) a minimum grade of 50% on the final exam, and
(ii) a minimum grade of 50% on the group project

Satisfactory In-term Performance

The criterion/criteria and the standard(s) for Satisfactory In-term Performance are as follow(s):

- Minimum grade of 50% on the total grade for the group project (Presentation + written report = total grade)
- Minimum grade of 50% on the final exam.

- Unsatisfactory In-term Performance in this course will lead to:

Failure in this course (regardless of the performance at the Final exam or final project) Yes ☒ No ☐

1. Class Participation:

Your engagement and participation are necessary for learning and success. Class participation is equivalent to professionals' participation in meetings. It is therefore, considered important to success in this course. Mere attendance does not count towards full class participation. Effective participation implies active and continuous contribution to class proceedings on the part of students in the form of raising or answering questions, commenting on issues raised by the instructor or other students, or bringing to the attention of the class relevant items of interest from the media or personal experiences. The professor will keep track of class participation which will count for 5% of your final grade. You are encouraged to keep a record of your own participation.

Attendance will be taken at each class. Arriving to class late or leaving during a class (except in extenuating circumstances and after informing the professor) is rude to the instructor and your fellow students and disruptive of the learning environment. Such behaviour is not appreciated in any situation or organization, including this classroom.

It is a serious violation of academic integrity to ask someone to sign an attendance sheet for you or to sign an attendance sheet for others. Students who violate this regulation maybe prosecuted for academic fraud.

Please note that attendance at the library information session and during classes when the comprehensive group projects are being presented is mandatory; failure to attend these classes will result in a reduction of your participation grade.

2. Case Analysis:

Cases are brief descriptions of a situation in which an organization finds itself at a certain point in time. The main purpose of casework is to identify the problem(s) / opportunities facing the organization and to make decisions on how to solve them. You should put yourself in the position of the decision maker. The report should use the headers shown in the case grading scheme posted on CU Learn.

3. Comprehensive Marketing Plan Project: (team sizes will be announced on the first day of class)

The written project will be implemented, and a report written by self-selected teams. It will be done as a group project. Only one project write-up is required for the whole group.

The purpose of the project is to allow you to take a real-life marketing problem, analyze it, and offer a well thought out solution.

The Assignment

As a group, select a real life-marketing problem of interest to you in the high-tech area (eg. Computer, gaming, animation, consumer electronics, medical devices or telecommunications).

This problem may be one faced by a company of which you are a part, or one faced by a company where you can get access to enough information to work on solving the marketing problem. Alternatively, you may have an idea about a business you'd like to be in, or a product you'd like to market and could select the marketing problems associated with that idea to work on in your project. Possible sources of organizations that could serve as a project site include personal jobs or volunteer activities, family and friends, press stories, etc.

Once you have selected the problem, proceed to gather information, set objectives, conduct your analysis, evaluate alternatives and make your recommendations.

The project consists of a case analysis of a real-world current issue for an organization that you will locate and identify. Your report will consist of a detailed and comprehensive description of the situation facing the manager and an analysis with recommendations for action for the organization.

Instructor approval (or pre-clearance) of your selected topic is required.

Organization and format

The report must be in the form of a word-processed document and should not exceed 15 pages, double spaced not including appendices, exhibits, and references. Be concise. Double-spaced typing with 1" margins on all sides on 8 1/2 x 11" paper, Times Roman 12-point font or its equivalent is assumed in the length limit. Properly acknowledge all material used in your report that is not your own. Please use in-line citations and include a list of sources cited (Chicago Manual of Style, author/date style. For more information, consult: <http://library.osu.edu/sites/guides/chicagogd.php>).

4 and 5. Midterm and Final Exam

The midterm exam will be held during regular class time. The midterm will be based on the textbook chapters and all lectures and materials covered in class up to the date of the midterm. The format of the exam will be discussed in class prior to the exam.

The final examination will be held during the formal exam period for Fall term courses. The exact date and time will be announced later in the term. Students are advised to take final exam dates into consideration prior to making any travel arrangements. The final exam will be based on all topics covered (in class and in the readings) during the term, with emphasis on material covered post midterm. The format of the final exam will be discussed in class. **Please note: students must achieve a minimum of 50% on the final exam to pass the course.**

AN IMPORTANT NOTE ON GROUP ASSIGNMENTS

The intent of having group assignments is to provide an opportunity for students to learn from each other in a more intimate setting than the classroom provides. Group work does NOT consist of dividing the assignment up into parts that may be completed by individuals and then throwing those parts together into one document. That is why a certain portion of the marks for each assignment are dedicated to how the assignment reads; it should flow as one piece of writing, not a collection of individual styles. Since you are considered to be working on the entire assignment together, you are all jointly and individually responsible for any infractions of academic integrity. This means that if one of you plagiarizes or fails to cite sources, all of you will receive the same penalty.

You do not have recourse to the excuse that you personally did not complete that portion of the assignment – this is GROUP work. Please keep this in mind as you complete the Academic Integrity Declaration.

LATE PENALTY

All assignments are due at the beginning of class. Late assignments are penalized at the rate of 5% of the value of the assignment per day (e.g., an assignment worth 15 marks will be penalized 0.75 marks per day). Do NOT slide your assignment under the professor's office door. If your assignment is late, you must make arrangements to deliver the assignment to the professor or teaching assistant at a time that is mutually convenient. The staff in 801 DT will NOT accept assignments. This course is very demanding. It is to your advantage to keep up with the required work and hand your assignments in on time.

INABILITY TO COMPLETE AN ASSIGNMENT OR WRITE THE MIDTERM EXAM DUE TO ILLNESS

Students who are not able to write the midterm exam due to a certified illness will have the weight of the midterm exam added to their final examination, upon provision of the appropriate documentation at least two weeks before the final examination.

The situation of students who cannot contribute to the group case study due to certified illness will be dealt with according to the provisions of your Group Contract. Please be sure that you contribute to and are aware of the provisions outlined in your group's contract.

Please note that in this course **for all occasions that call for a medical certificate** you must use or furnish the information demanded in:

http://www.carleton.ca/registrar/forms/Med_Cert_%20Carleton_University.pdf

Before embarking on a specific problem as a group, it is your responsibility to ensure that the problem is meant to be a group assignment and not an individual one.

Requests for Academic Accommodations

For Students with Disabilities:

The Paul Menton Centre for Students with Disabilities (PMC) provides services to students with Learning Disabilities (LD), psychiatric/mental health disabilities, Attention Deficit Hyperactivity Disorder (ADHD), Autism Spectrum Disorders (ASD), chronic medical conditions, and impairments in mobility, hearing, and vision.

If you have a disability requiring academic accommodations in this course, please contact PMC at 613-520-6608 or pmc@carleton.ca for a formal evaluation. If you are already registered with the PMC, contact your PMC coordinator to send me your ***Letter of Accommodation*** at the beginning of the term, and no later than two weeks before the first in-class scheduled test or exam requiring accommodation (*if applicable*). **Requests made within two weeks will be reviewed on a case-by-case basis.** After requesting accommodation from PMC, meet with me to ensure accommodation arrangements are made. Please consult the PMC website (www.carleton.ca/pmc) for the deadline to request accommodations for the formally-scheduled exam (*if applicable*).

For Religious Obligations:

Students requesting academic accommodation on the basis of religious obligation should make a formal, written request to their instructors for alternate dates and/or means of satisfying academic requirements. Such requests should be made during the first two weeks of class, or as soon as possible after the need for accommodation is known to exist, but no later than two weeks before the compulsory event. Accommodation is to be worked out directly and on an individual basis between the student and the instructor(s) involved. Instructors will make accommodations in a way that avoids academic disadvantage to the student.

Students and instructors can confirm accommodation eligibility of a religious event or practice by referring to the Equity Services website (<http://carleton.ca/equity/accommodation/religious-observances/>) for a list of holy days and Carleton's Academic Accommodation policies. If there are any questions on the part of the student or instructor, they can be directed to an Equity Services Advisor in the Equity Services Department for assistance.

For Pregnancy:

Pregnant students requiring academic accommodations are encouraged to contact an Equity Advisor in Equity Services to complete a letter of accommodation. The student must then make an appointment to discuss her needs with the instructor at least two weeks prior to the first academic event in which it is anticipated the accommodation will be required.

Academic Integrity

Violations of academic integrity are a serious academic offence. Violations of academic integrity – presenting another's ideas, arguments, words or images as your own, using unauthorized material, misrepresentation, fabricating or misrepresenting research data, unauthorized co-operation or collaboration or completing work for another student – weaken the quality of the degree and will not be tolerated. Penalties may include; a grade of Failure on the submitted work and/or course; academic probation; a refusal of permission to continue or to register in a specific degree program; suspension from full-time studies; suspension from all studies at Carleton; expulsion from Carleton, amongst others. Students are expected to familiarize themselves with and follow the Carleton University Student Academic Integrity Policy which is available, along with resources for compliance at: <http://carleton.ca/studentaffairs/academic-integrity>.
