## COURSE DESCRIPTION:

Welcome to BUSI 1997!

This is one of the first courses in the four-year career development program, specifically designed for the Sprott School of Business undergraduate students. This course is designed to equip students with job-readiness skills and awareness to find meaningful employment and career success. The Employability Passport complements the academic knowledge and skills gained through Sprott's undergraduate business degree programs.

Students will use experiential learning to continually build and develop career readiness. Students are granted the opportunity to participate in various activities and events outside of the classroom to develop and practice soft skills needed to be career ready. This will help build a student's unique career toolbox designed to highlight individual strengths, skills, and experience related to their targeted industry.

The Employability Passport have a total of nine badges (or skill areas) for the Bachelor of International Business programs: **Career Management, Communications, Global Perspective, Leadership, Professionalism, Teamwork, Technology, Good Business, Wellness**. Depending on the year, students are required to complete a combination of badges designed to build each person's employability skills through theoretical and practical learning.
