For help and support, go to <https://carleton.ca/brightspace/students/>. Any unresolved questions can be directed to Computing and Communication Services (CCS) by phone at 613-520-3700 or via email at its.service.desk@carleton.ca.

The course Brightspace website contains all the pertinent course information. This site will be the primary source for course announcements and distribution of materials including assignments, supplemental readings, etc.

Grades will be posted to Brightspace as soon as they become available. In line with Sprott policy, it is your responsibility to check your grades by clicking on ‘Grades.’

Email Policy: The best way to contact the professor is to send her an email. Please be sure to indicate “BUSI 2208C” in your email’s subject line, so that I will know which of the classes I’m teaching you are taking. In keeping with Carleton University policy, your @cmail accounts must be used for any inquiries which involve confidential student information (e.g., about grades or health issues). The professor will endeavor to answer your emails within 48 hours; you should not expect an immediate response.

Course Material Sharing Policy: Student or professor materials created for this course (including presentations and posted notes/slides, labs, case studies, assignments and exams) remain the intellectual property of the author(s). They are intended for personal use and may not be reproduced or redistributed without prior written consent of the author(s).

If you feel you require this form of accommodation, please contact the Paul Menton Centre to formally request accommodation.

Evaluation Criteria:

To accomplish the course objectives several learning methods are utilized. You are strongly encouraged to participate in class discussions, which are the best vehicle to fully express your ideas and to let others benefit from them. Short exercises may be integrated into the course lectures and discussions. A comprehensive marketing plan project will give you the opportunity to probe and report on a relevant and recent marketing situation facing a company. An in-class midterm exam and an in-person final examination will help you consolidate the knowledge acquired throughout the course. The midterm exam will pull together the material from several chapters and assess how you have been able to integrate the material. The final exam will help you consolidate the knowledge you have acquired throughout the course. An individual assignment will allow you to develop your skills in developing a marketing plan. Finally, you will have the opportunity to participate in research studies (as they become available) or online workshops for a maximum of 2% in bonus marks. The evaluation criteria are summarized as follows:

1. Class Participation	10%
2. Marketing Plan Report (individual)	30%
3. Midterm Exam	30%
4. Final Exam	30%
5. Bonus Marks	2%

TOTAL	102%

1. Class Participation

Class participation is equivalent to professionals' participation in meetings. It is, therefore, considered important to success in this course. Mere attendance does not count towards full class participation. Effective participation implies active and continuous contribution to class proceedings on the part of students in the form of engagement in Poll Everywhere and breakout group activities, raising or answering questions, commenting on issues raised by the instructor or other students, or bringing to the attention of the class relevant items of interest from the media or personal experiences. The professor will keep track of student participation at each class. You are also required to keep a record of your own participation.

Please note that Breakout Group activities will be integrated into lectures and form the basis for your participation grade in addition to in-class engagement. To ensure that you receive credit for in-class contribution, make sure a) to attend all lectures and b) contribute to the class discussion.

2. Marketing Plan Report (individual)

A major take-away from this course is the ability to construct a marketing plan. This assignment is based on the assigned case (see Required Resources for the case you will be using for these respective assignments). The case may be downloaded via the library's online reserve system. To access materials placed on reserve for this course, login to Brightspace and select this course. Look for the 'Library Reserves' block on the right hand side. Click on 'view course in Ares'. Locate the case study in the list of items put on reserve. Click 'view item'. If you are accessing the system from off-campus, you will be asked to login using your MyCarletonOne credentials. Once you have done this, you should have access to the case.

You should expect to spend a considerable amount of time and effort on the Marketing Plan assignment, so plan your time wisely.

Infractions of Academic Integrity. As part of your assignment, you **MUST** complete and upload the 'Declaration of Academic Integrity' form available on Brightspace.

Late Penalty. Late assignments are penalized at the rate of 5% of the value of the assignment per day (e.g., an assignment worth 15 marks will be penalized 0.75 marks per day). The Marketing Plan assignment should be uploaded through Brightspace.

3. Midterm Exam & 4. Final Exam

The midterm will be based on the textbook chapters and all lectures and materials covered in class up to the date of the midterm. The format of the exam will be announced in class prior to the exam. No make-up exam will be given unless it is a documented extreme circumstance. In all cases, you must provide supporting documentation within five days after the originally scheduled midterm exam.

The exams should be completed by your own efforts and should not collaborate with any other person for ideas or answers. Violations of academic integrity are a serious academic offence, weaken the quality of the degree, and will not be tolerated. Penalties may include: a grade of Failure on the submitted work and/or course; academic probation; a refusal of permission to continue or to register in a specific degree program; suspension from full-time studies; suspension from all studies at Carleton; expulsion from Carleton, amongst others. Should you wish to review your exams, you need to book an appointment with the professor within one week after receiving your exam grade. The final examination will be held during the formal exam period. The exact date and time will be announced later in the term. Students are advised to take final exam dates into consideration prior to making any travel arrangements. The final exam will be based on all topics covered (in class and in the readings) during the term, with emphasis on the latter part of the course. The format of the final exam will be discussed in class.

5. Bonus Marks

Students have the opportunity to earn bonus credit in this course through two ways: 1) participation in research studies at the Sprott School of Business, and 2) participation in skill development workshops offered by the Centre for Student Academic Support

1) Research studies: As a student enrolled in BUSI 2208, you are eligible to participate in behavioural research in exchange for bonus credit in this course. You will receive 1% bonus credit for each hour of participation in a research study, up to a potential maximum of 2%. Any bonus credit earned will be added to your final grade at the end of the term. Sign-up for studies is managed via the Sprott SONA research registration system, located at <https://sprott.sona-systems.com/>. All students registered in this course will receive an email from “Sprott Research Study Sign-Up System” sprottadmin@sona-systems.net at the beginning of the term (typically after the course add/drop date), containing the user ID and password that they can use to sign in. In addition to registering to take part in studies, you can use the SONA system to track your participation and ensure that your bonus credit is recorded. More information can be found here: <https://sprott.carleton.ca/current-students/undergraduate-students/participating-in-sprott-research-sona/>.

If you have questions, please email: behaviourlab@sprott.carleton.ca for more information.

IMPORTANT NOTE: We do not guarantee that a full 2% bonus credit will be available. Due to variations in research schedules, the number of studies offered each term will vary. In addition, since space in some studies may be limited and certain studies may only be available for a limited time, you are encouraged to register for studies as soon as they become available.

2) Skill development workshops: As an alternative to participating in research studies, you may take online workshops offered by the Centre for Student Academic Support. This class is participating in the Incentive Program. Since your completion of the workshops will be tracked by CSAS, you must self-enroll through the CSAD Online Learning Community, at: <https://carleton.ca/csas/online-support>. Please note that while

you are encouraged to take the Online Learning Orientation workshop, it is not part of the Incentive Program. For each workshop you take during Fall Semester 2023, you will receive 1% bonus credit, up to a maximum of 2%. You may not count workshops completed for other courses or during other time periods towards bonus credit. You may choose to combine participation in research studies with completion of online workshops. For example, if you participate in two 30-minute research studies, you would earn 1% bonus credit. If you then completed an online workshop, you would earn an additional 1% bonus credit, towards the maximum of 2%.

CLASS SCHEDULE:

While every attempt will be made to keep to the schedule listed below, unforeseen circumstances may necessitate modifications throughout the semester.

*Please note that additional cases and articles may be added to Brightspace throughout the term to support in-class sessions. All readings will be posted a minimum of 72 hours prior to the in-class session.
