## **EVALUATION CRITERIA**

### 1. Class Contribution

The evaluation of your class contribution will base on the *quality* of your in-class contribution over the course of the term. Your contribution may include sharing examples from your experience, asking insightful questions, presenting a point of view, or drawing conclusions, etc. Questions and comments during final project presentations will be particularly valued.

The quality of your course experience will be directly related to the quality of the in-class contributions – please make every effort to share your thoughts, ideas, experiences, and questions

with your colleagues. Coming to class alone will earn no class contribution marks as it is not an attendance mark. For additional notes on attendance, please see below.

# 2. Reflective Blog Entries

The detailed guideline is available at Brightspace.

### 3. Tests

The tests are closed book and closed note. Students are required to bring a laptop to write their tests in class. The tests will be based on the textbook chapters and lecture materials covered in class. The test format will be announced in class. No make-up test will be given unless it is a documented **extreme** circumstance. In all cases, you must provide supporting documentation within **five days** after the originally scheduled test.

The tests should be completed by your own efforts and should not collaborate with any other person for ideas or answers. Violations of academic integrity are a serious academic offence, weaken the quality of the degree, and will not be tolerated. Penalties may include; a grade of Failure on the submitted work and/or course; academic probation; a refusal of permission to continue or to register in a specific degree program; suspension from full-time studies; suspension from all studies at Carleton; expulsion from Carleton, amongst others.

Should you wish to review your tests, you need to book an appointment with the professor within one week after receiving your test grade.

## 4. Group Work

The detailed guideline is available at Brightspace.

### **ATTENDANCE**

Arriving at class late or leaving during a class (except in extenuating circumstances and after informing the professor) is rude to the instructor and your fellow students and disruptive of the learning environment. Such behaviour is not appreciated in any situation or organization, including this classroom.

Attendance for the sessions when the group project presentations are delivered is mandatory. Failure to attend these sessions or leaving early without prior permission will result in a 2% penalty per missed session. This will be applied to the class contribution portion of your course grade.

If you are not able to attend due to illness, please ensure that you submit the appropriate medical certificate at the next class/within a week. Since the presentation represents part of the group's grade, your group should decide how to deal with members who cannot contribute during the presentation. If you are a member of a team representing Carleton or Sprott, and are not able to attend the presentations due to a team commitment, your non-student coach can provide documentation via email to the professor's e-mail address indicated above.

### **LATE PENALTY**

Late assignments are penalized at the rate of **50%** of the value of the assignment per day (e.g., an assignment worth 15 marks will be penalized 7.5 marks per day).

### **INFORMATION ON GROUP ASSIGNMENTS**

The intent of group assignments is to provide an opportunity for students to practice managerial skills as well as learn from each other in a setting that more closely approximates the workplace. Group work does NOT consist of dividing the assignment up into parts to be completed by individuals and then be thrown together into one document the night before the assignment is due. Especially in a course that emphasizes professional practice standards this is not recommended. The report should flow as one piece of writing, not a collection of individual styles.

Further, since you are preparing for careers as managers, I expect you to be able to manage your group process in a professional manner. You are responsible for the hiring (and possible firing) decisions that you and your group make. When you make your group contract you should take these matters into account. Sprott has a number of resources available to help you manage your group process.

*Group Peer Evaluation*. A group grade will be assigned, but not all members in the group will necessarily receive the same grade. Each group member needs to submit a peer evaluation for each group report by the specified deadline. Students who fail to submit the peer evaluation on time will be penalized with 50% of the value of the assignment per day. The evaluation form with detailed instruction is available at the course website.

Inability to Complete a Group Assignment Due to Illness or Other Emergencies. The situation of students who cannot contribute to the group marketing plan assignments due to illness or family emergency will be dealt with according to the provisions of your Group Contract. Please be sure that you contribute to and are aware of the provisions outlined in your group's contract.

Infractions of Academic Integrity. As part of your group assignment, you must complete and upload the 'Declaration of Academic Integrity' form available on BrightSpace. Since you are considered to be working on the entire assignment together, you are all jointly and individually responsible for any infractions of academic integrity. This means that if one of you plagiarizes or fails to cite sources, all of you will receive the same penalty. You do not have recourse to the excuse that you personally did not complete that portion of the assignment.

### **Academic Integrity**

Violations of academic integrity are a serious academic offence. Violations of academic integrity – presenting another's ideas, arguments, words or images as your own, using unauthorized material, misrepresentation, fabricating or misrepresenting research data, unauthorized co-operation or collaboration or completing work for another student – weaken the quality of the degree and will not be tolerated.

Process: If an alleged violation occurs, all relevant documentation will be forwarded to the Dean. If the allegation proves true, the penalties may include; a grade of Failure on the submitted work

and/or course; academic probation; a refusal of permission to continue or to register in a specific degree program; suspension from full-time studies; suspension from all studies at Carleton; expulsion from Carleton, amongst others. For a first offence, at a minimum, the penalty assigned will normally be a zero on the submitted work and at least a minimum full grade reduction of the final course grade. For a second offence, at a minimum, the penalty assigned will normally lead to a suspension from studies.

Students are expected to familiarize themselves with and follow the Carleton University Student Academic Integrity Policy which is available, along with resources for compliance at: <a href="https://carleton.ca/registrar/academic-integrity/">https://carleton.ca/registrar/academic-integrity/</a>.

### COVID-19

It is important to remember that COVID is still present in Ottawa. The situation can change at any time and the risks of new variants and outbreaks are very real. There are a number of actions you can take to lower your risk and the risk you pose to those around you including being vaccinated, wearing a mask, staying home when you're sick, washing your hands and maintaining proper respiratory and cough etiquette.

**Feeling sick?** Remaining vigilant and not attending work or school when sick or with symptoms is critically important. If you feel ill or exhibit COVID-19 symptoms do not come to class or campus. If you feel ill or exhibit symptoms while on campus or in class, please leave campus immediately. In all situations, you must follow Carleton's <u>symptom reporting protocols</u>.

**Masks:** Carleton has paused the <u>COVID-19 Mask Policy</u>, but continues to strongly recommend masking when indoors, particularly if physical distancing cannot be maintained. It may become necessary to quickly reinstate the mask requirement if pandemic circumstances were to change.

**Vaccines:** Further, while proof of vaccination is no longer required as of May 1 to attend campus or in-person activity, it may become necessary for the University to bring back proof of vaccination requirements on short notice if the situation and public health advice changes. Students are strongly encouraged to get a full course of vaccination, including booster doses as soon as they are eligible, and submit their booster dose information in <u>cuScreen</u> as soon as possible. Please note that Carleton cannot guarantee that it will be able to offer virtual or hybrid learning options for those who are unable to attend the campus.

All members of the Carleton community are required to follow requirements and guidelines regarding health and safety which may change from time to time. For the most recent information about Carleton's COVID-19 response and health and safety requirements please see the <u>University's COVID-19 website</u> and review the <u>Frequently Asked Questions (FAQs)</u>. Should you have additional questions after reviewing, please contact <u>covidinfo@carleton.ca</u>.
