Course Calendar description from the University calendar:

Builds on concepts covered in management and cost accounting courses. Integrates relevant issues from other functional areas: strategic uses of cost management, budgeting, and performance evaluation systems in managerial planning and control.

Course Description:

This course focuses on managerial planning and control systems using the case method. It extends the concepts covered in the intermediate management accounting course and also integrates relevant contextual issues from other functional areas of organizations. The design of budgeting, cost management, performance measurement, performance evaluation, and reward systems, as well as, governance and ethical issues, are examined. Emphasis is placed on the need for different control techniques and systems in different types of organizations and for balanced integrated systems, comprising both financial and nonfinancial controls and measures.

Learning Objectives:

1. Understand advanced management control concepts, techniques, and practices applicable to private, non-profit, and public organizations.

2. Identify management control problems related to cost management, budgeting, performance measurement, performance evaluation, and reward systems, as well as, governance and ethics, in private, non-profit, and public organizations.
3. Identify and apply appropriate management control techniques to remedy management control problems in private, non-profit, and public organizations.
4. Analyze and evaluate an organization's management control systems and practices, considering relevant organizational and environmental factors.
5. Based on analyses conducted, recommend appropriate managerial actions and improvements to management control systems.
6. Write well researched and justified professional reports.
7. Present the results and arguments in an effective manner and defend recommended courses of actions.

Reading(s)/Textbook(s)/Required Materials

KENNETH A. MERCHANT AND WIM A. VAN DER STEDE, *MANAGEMENT CONTROL SYSTEMS: PERFORMANCE MEASUREMENT, EVALUATION AND INCENTIVES*, 4TH ED., PRENTICE-HALL, 2017.

Cost Accounting - A Managerial Emphasis 8th Canadian Edition by Horngren, Datar, Rajan, and Beaubien (Pearson, 2019) ISBN 9780134453736, 0134453735

As well, the 7th edition is very similar to the 8th edition, and most of the suggested homework problems are similar.

ADDITIONAL REQUIRED READINGS WILL BE POSTED ON BRIGHTSPACE

COURSE DELIVERY

This course will be a combination of synchronous and asynchronous material. Almost all of the material will be asynchronous (asynchronous means it is not live, and instead is pre-recorded).

The only mandatory live part of this course is the Final Presentation. Final Presentations will be held live through Zoom on:

- Monday August 9 from 5pm to 9pm <https://carleton-ca.zoom.us/j/98748771621>
- Tuesday August 10 from 5pm to 9pm <https://carleton-ca.zoom.us/j/91489457782>

Attendance is mandatory for the final presentations.

Each week, a separate module will be made available in Brightspace. Each module will contain narrated Power-Point slides of the key concepts from the textbook, narrated discussions of cases from the textbook, and a dropbox for relevant assignments. Materials will be made available each Monday, starting Monday July 5.

In general, everything important to your academic success in this course will be posted on Brightspace.

As well, from time-to-time I will be hosting optional zoom meetings.

The first optional zoom meeting will be:

Topic: Module zero, an overview of BUSI-4008

Date: Friday July 2 at 4pm

Grading Schedule

Individual weekly Reflective Summaries	10%
Small Case Analysis – Group project	10%
Group term project – part 1 report	20%
Group term project – part 2 presentation	10%
Final Exam	50%
Total	100%

Individual Weekly Reflective summaries (10%)

Each weekly summary should highlight the key information from the corresponding materials covered from the textbook chapters and cases covered each week, along with your thoughts on the material covered. As well, specific questions will be asked about certain cases.

Each summary sheet is worth 2% of your final grade. Each summary sheet will be graded out of 2:

- 1 for submitting it
- 1 mark for overall quality of the submission

Each summary sheet should be between 1-3 pages (or longer). Submissions are due on Monday at 11:59pm each week:

Week 1	July 12
Week 2	July 19
Week 3	July 26
Week 4	August 2
Week 5	August 9

Small Case Analysis – Group project (10%)

Groups will analyze and critique the Management Control Systems in a short case. This assignment is due Wednesday July 21 at 11:59pm. The case will be posted in Brightspace.

Group Project

As a group, you are to prepare a written report and give a presentation on an organization selected from any field (manufacturing, merchandising, service, high-tech, non-profit, or government, etc.) with which at least one group member is personally familiar, or for which relevant information is publicly available.

The objective of the report and presentation is to analyze a real-world organization's Management Control System(s) and recommend improvements using concepts and frameworks learned in the course.

Request for project topic (1%)

You must get pre-approval for the organization you wish to analyze. The request only has to be a paragraph or two and can be sent by email. Submissions must be made by July 26. I am more than happy to meet with your group to discuss possible organizations. This request is graded as a pass/fail.

Group Report (19%)

The report should focus on Management Control issues. The report should be professional in style and format, and will be evaluated for both content and style. In writing the report, assume the role of independent management consultants reporting to senior management.

The report should include industry resources as well as additional research from relevant articles published in professional and academic outlets (e.g., journals and conference papers). For referencing, APA style is recommended, and a guide is available through library resources. It is important to document all sources of information used in the report. Please see me if there are issues related to confidential internal information.

The Project Report is to be submitted through the drop-box in Brightspace by Friday August 13.

The report should be 20~25 pages in length (including Appendixes).

Group Presentation (10%)

The presentation should be a 15~20 minute overview of the key items in your report. The presentation should bring to attention the key observations found in your research and analysis of the organization, present alternatives available to management, and outline a recommendation with implementation. There will be a brief 5 minute Q&A session after each presentation.

Presentations will be held on Monday August 9 and Tuesday August 10 between 6pm and 6pm. **Presentations must be delivered live.**

Not all of the information in your report needs to be included in the presentation. If a decision-maker wanted to learn more about something they heard in the presentation, they can use the report as a reference.

A soft copy of the presentation must be emailed to me prior to the beginning of class.

Final Exam (50%)

The final exam will take place during the regularly scheduled final exam period. The exam will be comprised of a case (or cases) that require a cumulative understanding of materials from the entire course.

Group work

The Sprott School of Business encourages group assignments in the school for several reasons. They provide you with opportunities to develop and enhance interpersonal, communication, leadership, follower-ship and other group skills. Group assignments are also good for learning integrative skills for putting together a complex task. Your professor may assign one or more group tasks/assignments/projects in this course. Before embarking on a specific problem as a group, it is your responsibility to ensure that the problem is meant to be a group assignment and not an individual one.

In accordance with the Carleton University Undergraduate Calendar (p 34), the letter grades assigned in this course will have the following percentage equivalents:

A+ = 90-100	B+ = 77-79	C+ = 67-69	D+ = 57-59

Academic Accommodations for Students with Disabilities

If you have a documented disability requiring academic accommodations in this course, please contact the Paul Menton Centre for Students with Disabilities (PMC) at 613-520-6608 or pmc@carleton.ca for a formal evaluation or contact your PMC coordinator to send your instructor your Letter of Accommodation at the beginning of the term. You must also contact the PMC no later than two weeks before the first in-class scheduled test or exam requiring accommodation (if applicable). After requesting accommodation from PMC, meet with your instructor as soon as possible to ensure accommodation arrangements are made. carleton.ca/pmc

Survivors of Sexual Violence

As a community, Carleton University is committed to maintaining a positive learning, working and living environment where sexual violence will not be tolerated, and its survivors are supported through academic accommodations as per Carleton's Sexual Violence Policy. For more information about the services available at the university and to obtain information about sexual violence and/or support, visit: carleton.ca/sexual-violence-support

Accommodation for Student Activities

Carleton University recognizes the substantial benefits, both to the individual student and for the university, that result from a student participating in activities beyond the classroom experience. Reasonable accommodation must be provided to students who compete or perform at the national or international level. Please contact your instructor with any requests for academic accommodation during the first two weeks of class, or as soon as possible after the need for accommodation is known to exist.

Academic Integrity

Violations of academic integrity are a serious academic offence. Violations of academic integrity – presenting another's ideas, arguments, words or images as your own, using unauthorized material, misrepresentation, fabricating or misrepresenting research data, unauthorized co-operation or collaboration or completing work for another student – weaken the quality of the degree and will not be tolerated. Penalties may include; a grade

of Failure on the submitted work and/or course; academic probation; a refusal of permission to continue or to register in a specific degree program; suspension from full-time studies; suspension from all studies at Carleton; expulsion from Carleton, amongst others. Students are expected to familiarize themselves with and follow the Carleton University Student Academic Integrity Policy which is available, along with resources for compliance at: <https://carleton.ca/registrar/academic-integrity/>.

Sprott Student Services

The Sprott student services office, located in 710 Dunton Tower, offers academic advising, study skills advising, and overall academic success support. If you are having a difficult time with this course or others, or just need some guidance on how to successfully complete your Sprott degree, please drop in any weekday between 8:30am and 4:30pm. Our advisors are happy to discuss grades, course selection, tutoring, concentrations, and will ensure that you get connected with the resources you need to succeed! <http://sprott.carleton.ca/students/undergraduate/learning-support/>

Centre for Student Academic Support

The Centre for Student Academic Support (CSAS) is a centralized collection of learning support services designed to help students achieve their goals and improve their learning both inside and outside the classroom. CSAS offers academic assistance with course content, academic writing and skills development. Visit CSAS on the 4th floor of MacOdrum Library or online at: carleton.ca/csas.
