Course Calendar Description:

Business Analytics for Managers

Decision support systems in organizations; moving from business intelligence to business analytics; big data trends in organizations; theories and trends in data analytics.

Includes: Experiential Learning Activity

Course Description: This course covers key concepts for managers involved with Business Analytics. Students are expected to interact with specialized software to manipulate data and explore data sets to uncover answers to business questions.

Course Learning Objectives:

Introduction of the role of data mining in current business organizational strategy. This course will provide an overview of the different Analytics approaches by situating data mining in organizational and commercial context. Students will be expected to understand and communicate the business value of the business analytics and the merits of different analytical approaches.

Course Prerequisites: ITIS 5401 or permission of the School of Business.

Required Materials: Textbook:

Chambers, M., & Dinsmore, T. W. (2015). Modern Analytic Methodologies; Driving

Business Value with Analytics. Upper Saddle River, New Jersy: Pearson

Educational Inc.

Final Exam Date: TBD

Drop Course Policy: The deadline for academic withdrawal is the last day of classes (each term).

Grading Scheme: Organizational Overview 20%

Business Case 20%
Strategic Recommendations 20%
Final Exam 40%

TOTAL 100%

Each component of your grade will be assigned a percentage score. Your final course grade will be a weighted average of each of these components.

- Organizational Overview: Students will be required to complete an overview of how analytics are
 presently used in an organization. Students are encouraged to complete the overview using primary
 research methods such as interviewing members of a data analytics team.
- <u>Business Case</u>: Students will choose a business case analysis and write a 6 8-page report.
- <u>Strategic Recommendations</u>: Students will complete a presentation discussing the strategic recommendations on
- <u>Final Exam</u>: The exam will be scheduled during the final exam period in December. The format of the exam will be discussed in the final lecture.

Late Assignments:

To ensure fairness for all students, penalties will be applied to late assignments: Failure to submit an assignment on time will result in an initial penalty of five (5) percentage points, followed by an additional (2) percentage points per day thereafter. For example, an assignment that would normally merit a grade of 80% would receive a grade of 75% if submitted after the deadline on the due date, 73% if submitted the following day, and so on. Requests for extension will be considered in cases of illness, family emergency, or other exceptional circumstances.

Preparation and Participation:

Students are expected to have read the required readings and submitted relevant assignments by the start of class.

Recommended Calculator for Examinations:

If you are purchasing a calculator, we recommend any one of the following options: Texas Instruments BA II Plus (including Pro Model), Hewlett Packard HP 12C (including Platinum model), Staples Financial Calculator, Sharp EL-738C & Hewlett Packard HP 10bII

Group Work:

The Sprott School of Business encourages group assignments. They provide you with opportunities to develop and enhance interpersonal, communication, leadership, followership and other group skills. Group assignments are also an effective way to learn integrative skills for putting together a complex task. Your professor may assign one or more group tasks, assignments, or projects in this course. Before embarking on a specific problem as a group, it is your responsibility to ensure that the problem is meant to be a group assignment and not an individual one.

Peer Evaluation for Group Work

To deter social loafing and ensure fairness in grading, you will be asked to assess the contribution of your fellow group members. This information will be used when assigning the grade for the final project. The procedure is as follows: Each student should take 100 points and allocate those points to the various members of the group (including him/her/themself) to reflect the contributions made by each member. For instance, if there are four members in a group and everyone contributed equally, each individual would receive 25 points. Conversely, if an individual contributed relatively little, the remaining group members might allocate few points to that member. To ensure that these peer evaluation scores are reasonable and free from personal bias, you will be asked to provide a detailed written explanation for your point allocation.

Letter Grades:

In accordance with the Carleton University Undergraduate Calendar (p 34), the letter grades assigned in this course will have the following percentage equivalents:

| A + = 90-100 | B+ = 77-79 | C+ = 67-69 | D+ = 57-59 | F = Below 50 |
|--------------|-------------|-------------|-------------|--------------|
| A = 85-89 | B = 73-76 | C = 63-66 | D = 53-56 | |
| A - = 80-84 | B - = 70-72 | C - = 60-62 | D - = 50-52 | |
